Civic Leaders Discuss Proposed Area Hospital

A meeting which brought together civic leaders of area communities was held last week in Tinley Park to discuss the erection of a hospital in this area.

Committees were set up and reports will be made at the next meeting before contact is made with the Steward Foundation, involved in establishing hospitals in communities.

Presiding at the meeting was John Bellante, president of the Tinley Park Chamber of Commerce. Appointed to act as chairman was the Rev. Dallas Mucci, pastor of the Tinley Park Church of the Nazarene, who gave information on the activities of the Foundation and how it operates.

Included in the area which the proposed hospital would cover is New Lenox on the west, Palos Park on the North, Hazel Crest on the east, Monee and Peotone on the south.

Plans are to establish a hospital as centrally located as possible between these communities, with 100 beds and the most modern equipment. An encouraging response to the venture by community leaders has been received. Announcement of the next meeting of the group will be made, at which time reports of the various committees will be made.

Dignitaries Of Catholic Order Visit In New Lenox

The sisters of St. Jude's Parish, New Lenox, were honored by a visit from sisters from Spain, Most Rev. Mother Mercedes Armengol, C.M.F., from Barcelona, Spain, Superior General of the Order of the Immaculate Heart Sisters, and Very Rev. Mother Marie Louise, C.M.F., of Sol France, the General Counselor of the Order. They were accompanied by Rev. Mother Pauline, C.M.F., the Mother Provincial from Tucson, Ariz., who met them on their arrival by plane in New York. The Provincial House in Tucson will be their headquarters during their stay in the United States.

During their stay, the sisters will visit all the houses of the Province. Mother Mercedes made her first stop at New Lenox to make her official visitation to the sisters of St. Jude's who are members of the Tucson Province.

The visiting sisters from Spain are deeply interested and entertained with all the new things they see in America, it was reported. A trip to Stateville, arranged by the Chaplain, Fr. Gervase, O.F.M., was one of the highlights of their itinerary while here.

Death Claims George Dwar

George Dwar, 62, of 154 E. Hawthorne, New Lenox, who had been under treatment of a heart condition, suffered an attack at his home the night of Nov. 25 that resulted in his death.

An inhalator squad from the New Lenox fire department was called to the home shortly after 10 p.m. and administered oxygen but was unable to revive him. Dwar was pronounced dead by Dr. Leo Murskyj.

Mr. Dwar was a native of Chicago and had resided there until three years ago when he and his wife moved to New Lenox. He was formerly an engineer with Western Electric Co. but retired 10 years ago.

Besides his wife, Lee, Mr. Dwar is survived by a son, Russell, and a sister, Mrs. Cora Ruardi, both of Chicago.

Removal was to the Baskerville chapel, Lincoln highway, New Lenox, where services were held on Saturday afternoon at 1:30 o'clock with the Rev. Glenn Dunbar, pastor of the Manhattan Methodist church officiating. Interment was in chapel Hill cemetery, Chicago.

Mokena Couple Celebrate 40th Anniversary

Mr. and Mrs. Nelson Gunhouse celebrated their 40th wedding anniversary on Thanksgiving Day with a family dinner in their home in Mokena. Guests were their children, Dr. and Mrs. Thomas Gunhouse, Steven, Camilla and Margaret of Frankfort, Mr. and Mrs. Carol Roberts, Tom, Jill and Robin, and Mr. and Mrs. Alvin Sorensen, Diane, Marilyn, Joan, Larry, Bob, Steve, and Allen.

The honored couple received many lovely gifts and cards and a cablegram from their son Ramon and his wife who are at a Naval Station in Naples, Italy.

A Cold, Cold Fall!

Fuel Bills Rise As Temperatures Sink

Much more fuel has been needed to keep homes warm so far this year than during the early part of the heating season a year ago.

This statement, with supporting statistics, comes from Northern Illinois Gas Company's gas dispatchers, the weather-conscious men of NI-Gas who assure that natural gas flows continuously to every one of the utility's 650,000 customers.

While wind velocity, sunshine and other weather conditions affect fuel consumption, temperature is the primary factor, according to these experts. And temperatures so far this year are well below

normal, and far below last year's. The basic part of NI-Gas' usage formula is the "degree day", a unit of cold. This is the deficiency of temperature below 65 degrees. It is equal to 65 minus the day's average temperature.

For instance, if the average reading was 12 degrees (as it was Nov. 17 and 18), the dispatchers chalk up (65-12) a 53 - degree day.

A total of 1,074 degree days were accumulated during this heating season up to Nov. 20. This is a rather frigid figure, compared with the normal of 900, and especially with last year's 633 to the same

date. It is colder than it has been for eight years; in chilly 1951, the total to Nov. 20 was 1,154.

And it means that homeowners have used between 60 and 70 per cent more fuel than they did in the same period a year ago, depending on their heating habits, of course.

The cold autumn already has set records for NI-Gas. In 24 hours ending noon on Nov. 18, the utility's send-out of 598 million cubic feet of gas was an all-time high, easily topping the 569 million recorded during the middle of last winter.

Orland Park Legion Post Elects Staff

The newly elected officers of Orland Park Post #526, the American Legion were installed Tuesday, Nov. 24, in the Post home at 143rd st. Alfred Pankow, 8th district commander, served as installing officer with John Groszek, post commander of 8th district as installing chaplain. Howard Orr and Raymond Myrick were color guards. The invocation and closing prayer were given by the Rev. Mr. Plastow, who is a member of the post.

Officers installed were: Robert G. Johnson, commander; John Capodice, sr. vice commander; Peter Yoman, jr. vice commander; Roy Benson, adjutant; Robert Shannon, finance officer; Ernest Wood, chaplain; Ralph Pepe, sgt.-at-arms and Albert Wheeler, service officer. After retirement of colors, refreshments were served with Mrs. Robert Johnson in charge, followed by dancing. Guests were the members' wives and Auxiliary members.

Meetings are held the second and fourth Tuesday of each month in the Legion Home.

Rural Areas Make Reports On Seal Sale

At the close of the second week of the 1959 Christmas Seal sale in Will county \$13,526 of the \$42,000 needed had been paid into the treasury of the Will County Tuberculosis Association.

Of this sum \$404 came from Frankfort township, \$414 from New Lenox township, \$45 from Green Garden, \$295 from Peotone township, \$164 from Homer, \$1,371 from Lockport township, and \$166 in Manhattan.

Ted A. Massey, Frankfort businessman, is chairman of the seal sale in the eastern portion of the county. G. B. Geuther, of Frankfort, and G. S. Nelson, Mokena are Frankfort township chairmen; Floyd Krapf is in charge at Green Garden; Lloyd G. Berlin in new Lenox, W. J. Lehnert, in Peotone; Roy W. Parker, Homer; G. C. Volting, Lockport and H. J. Christiansen, Manhattan.

Those in charge of the county campaign say that while contributions are running a little ahead of those last year for the first two weeks it is necessary they should because the total is greater than for 1958.

Seals have been mailed out to most residents of the county and those in charge urge recipients to mail in their donations immediately. The campaign does not end officially until March 31 but those in charge hope to have it wound up before Christmas.

Coin containers were distributed thruout the county last Saturday. They were placed in business establishments to provide an opportunity for contribution to the Christmas Seal campaign to those who might not have received seals thru the mail.

Saturday afternoon at 1:30 o'clock with the Rev. Glenn Dunbar, pastor of the Manhattan Methodist church officiating. Interment was in chapel Hill cemetery, Chicago.

Sailor Faces New Problems Following Release By Turkey

James Tomany, 20 years old, a sailor in the U.S. Navy whose home is in New Lenox, is still facing difficulties as a result of his imprisonment by the Turkish government on what he contends was a trumped up charge.

Jim has been home on leave, spending Thanksgiving with his parents, Mr. and Mrs. Lloyd Tomany, Sr., and now is returning to the navy and what he hopes will be a court martial that will clear him so that he will not have to serve extra time at the end of his enlistment.

As it stands now the navy has taken the position that he owes it the 10 months he spent in a Turkish prison.

Young Tomany believes that the time he spent in prison should not be subtracted from his period of enlistment. The time of a prisoner of war runs against an enlistment. Tomany feels that the same should be true for a prison of diplomacy. He declares he was innocent of the charge of which he was convicted and that he was imprisoned was due to circumstances beyond his control.

He was arrested in September, 1959, on a charge of tearing down a Turkish flag from a square near the fleet landing point at Izmir.

Tomany said he and two other sailors left the USO recreation rooms to return to their ship. His two companions elected to take a stroll thru the city and he left them to go to the landing to buy a model sailing ship which he saw in a shop there.

He said he would meet the others there and when, after acquiring his souvenir and they did not appear he started up the street to meet them. He had walked only a short distance, he said, when a Turkish guard seized him.

A navy man in civilian clothes who could speak Turkish stopped to see what was wrong.

"I thought maybe this guard thought I had taken this schooner without paying for it," Tomany said, "and told this fellow who could speak Turkish to tell him that I had bought it and if he would go back to the shop with me I could prove it. The guard ignored this but wouldn't say why I was arrested. It was not for some time after we were in the police station that we were informed that we were supposed to have torn down and mutilated two Turkish flags. A chap named Day was supposed to have torn down the other flag. He was the fellow I was looking for but I didn't see him until after arriving at the police station.

"Now here's something. The guard that arrested me said he was sure I was the man who tore down one flag because he was within six feet of when I was supposed to have grabbed it. He said he arrested Day at the same time and could identify him because he was within six feet of him when he was supposed to have taken the other flag. Now these flags were 50 feet apart, we found out later, but we could never figure out how that guard was able to be in two places at the same time -- yet it was on that evidence we were convicted and sentenced to 10 months.

Feeling against foreigners, particularly Americans, has been running high in Turkish cities, Tomany said, but the country people are friendly.

Turkey is looked upon by the U.S. as an important ally and news dispatches indicate that the state

department favors any means to preserve the situation and as a result individuals are expendable. Several Americans have been sentenced to prison on various charges.

While in prison Tomany was plastering and whitewashing his cell one evening and a piece of plaster spattered and a fragment went out the window and struck a Turkish prisoner in the eye. The prisoner later lost the sight of this eye and last April Tomany was served with notice of arrest because of this injury and stood trial last summer. The trial dragged on thru the early fall before he was finally acquitted. In the meantime the U.S. government paid the in-

jured Turk approximately \$2,500.

This prisoner was 19 years old and was in jail on a rape charge. After he was paid for his eye he was released from prison, married the girl for which he was in prison and should, Tomany said, be able to live comfortably the rest of his life in the mountain village he calls home.

During his time in prison Tomany did not receive any pay from the navy, he said. The navy is prepared to pay him for the 10 extra months it says he must serve but Tomany doesn't think the decision just. He wants a court and if the court holds he must serve the extra time on his enlistment he can appeal.

Mother Of Lincoln Estates Resident Dies In Car Crash

Enroute to Lincoln Estates to spend Thanksgiving with her son, Mrs. Clara Maertin, 68, of 5341 S. Hoyne ave., was fatally injured Thursday morning when the car in which she was riding struck a patch of ice and skidded into a ditch.

Mrs. Maertin was thrown out of the car and caught under the vehicle. She was rushed to Silver Cross hospital at Joliet where she was pronounced dead on arrival.

According to Coroner Willard G. Blood, Mrs. Maertin was riding in a car driven by her husband, Harvey, 70. The couple were enroute the home of a son, George A. Maertin, at 85th ave. and U.S. 30 Lincoln Estates, to eat Thanksgiving dinner.

It was about 10 o'clock in the morning. The Maertins were traveling south on U.S. 45. Near 182nd street the car struck a patch of ice and skidded off the pavement. When the car struck the ditch the impact hurled Mrs. Maertin out of the vehicle and underneath it. She was believed to have been instantly killed of crushing injuries.

Retired Farmer Dies; Funeral At Frankfort

Herman Weichbrodt Sr., 77 years old, a retired farmer, who lived practically his entire life in the Frankfort-Manteno-Monee area, died Monday afternoon, Nov. 30, at Silver Cross hospital, Joliet, following an illness of several weeks.

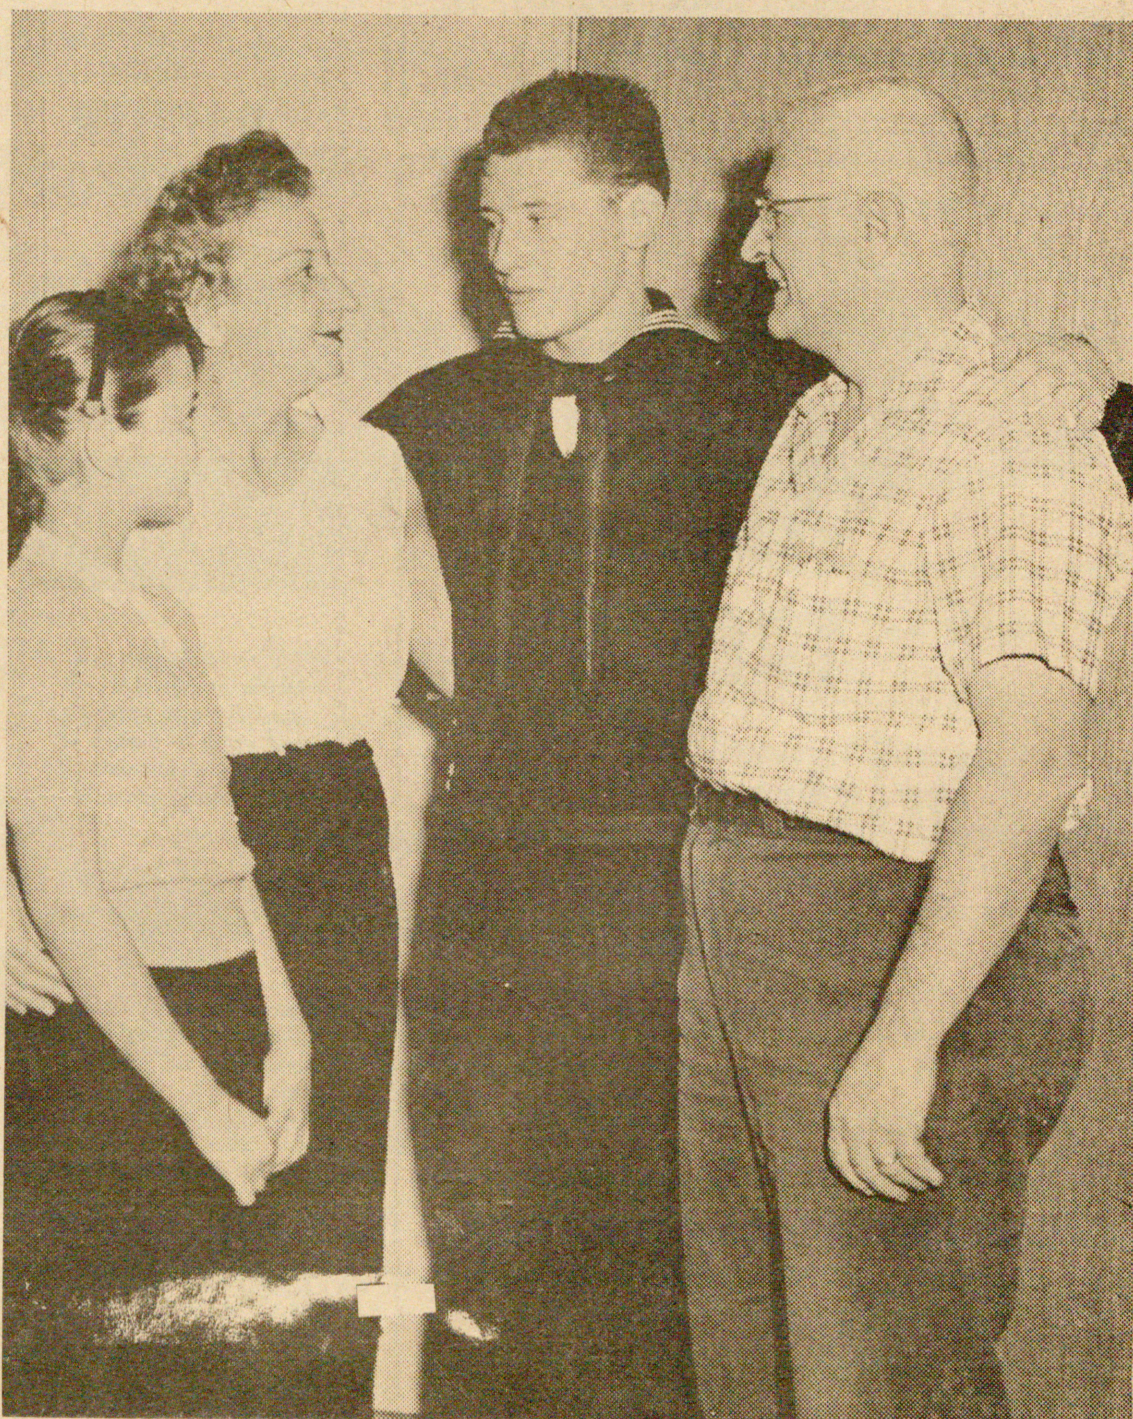

He was born at Chicago Jan. 3, 1881 and when he was 12 years old the family moved to a farm south of Monee. He had resided in the area since.

Mr. Weichbrodt was married to Emma Guelck, Oct. 21, 1903. She died 20 years ago. Two sisters and two brothers also preceded him in death.

Surviving him are three sons and four daughters, Wallace and Herman Jr., of Frankfort; Arthur, of Detroit, Mich; Florence, Mrs. Emil Tewes, Chicago Heights; Emma, Mrs. Ezra Marti and Bernice, Mrs. Albert H. Krusemark, of Frankfort; and Verna, Mrs. Ronald Senec, of Crystal Falls, Mich. two sisters, Mrs. Emma Cosgrove, of Peotone; and Mrs. Alma Grant of Monee; one brother, John, Peotone, 22 grandchildren and six great grandchildren.

Removal was to the West End Funeral home, Otto Blvd., and U. S. 30, Chicago Heights, where friends may call this afternoon and evening. Services will be held tomorrow (Friday) afternoon at 1:30 o'clock in St. Peters church, Frankfort, with the Rev. Erich Bizer officiating. Interment will be in Peotone cemetery.

HOME ON LEAVE--and he was glad to be there too after a hectic year, most of which was spent as a prisoner of the Turks on a charge he declared groundless. The sailor is James Tomany, 20, standing between his mother and father, Mr. and Mrs. Lloyd Tomany, Sr., of New Lenox. And at the left is his little sister, Candice, 11. Turkey with the folks this Thanksgiving was quite a contrast with Thanksgiving last year when he ate goat with the Turks. (Marvin Smith photo)

Civil Defense Day Proclaimed By Mokena Mayor

James G. Marti, mayor of Mokena, has proclaimed Dec. 7, as Mokena Civil Defense Day. He urges residents to participate in Civil Defense observances during this time, thereby reaffirming their belief in the principles of government in emergency. He further urges citizens of Mokena to take advantage of the opportunities afforded during Civil Defense Day to familiarize themselves with Civil Defense survival plans, shelter construction and disaster preparedness programs in their community.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

With the advent of the Christ-
mas season, traditionally the hap-
piest time of the year, it is unfor-
tunate that we must have to fear
a high traffic fatality toll during
this period.

The driver must be on the alert
for too much so-called "Christmas
Cheer"—an office party or a gath-
ering of friends. Alcohol and
gasoline never mix—no matter
what season of the year it is. Too
many motorists are inclined to be
in a big hurry to get home after
such celebrations and disaster
lurks around the corner for them.

Pedestrians should stay alert. A
certain amount of Christmas rush
seems inevitable, and pre-occupa-
tion with shopping and wrapping
weakens safety defenses. Pedes-
trians should forget about the last
minute gift which must be pur-
chased and about that huge pile of
unwrapped presents when cross-
ing streets.

Lets Get Tougher

Being a good neighbor is a fine thing but it should be a two-way operation.

The United States adopted a Good Neighbor policy some years ago under which it was hoped to cement friendship with the Central and South American nations. We were to do things for them and they were to do things for us.

Thus far it seems that the only thing they do for us is make trouble.

Now Cuba has joined in with the "Down With the Yankees," campaign.

The new dictator of Cuba, Fidel Castro, has decreed seizure of all lands; has become very tough indeed with foreign owned interests, especially those owned by North Americans; hurls invective and insults against us and at the same time wants us to buy Cuba's sugar and other products and from all indications would not be averse to accepting financial aid from the U.S. government — providing the sum offered is large enough.

Actually it is our own fault. The Cubans and the South Americans are only following the pattern that has worked so well for other countries in all parts of the world. Make trouble for Uncle Sam and he will buy your goods and give you additional dollars.

It seems to us that it is time for us to make a little trouble. We are never going to be able to buy friendship and the sooner we admit it the better of we will

be.

Someone once called us a nation of money grubbers — dollar chasers, and the term has stuck. As a nation we are quite wealthy but at the same time we are quite generous. We are always ready to give aid when disaster, pestilence or famine strikes in any quarter of the globe. And that is a good way to be but it seems to us that we are too ready to rush in with barrels of dollars to aid foreign governments in solving problems that should be theirs alone.

Those nations and governments who are continually reaching out for our pocketbooks are the money grubbers — the dollar chasers. We pile up dollars but we don't worship them. On the other hand the Europeans, the Asiatics, practically all of those to whom we are dishing out the money love it.

What they can't understand about us is that we are willing to give dollars away — for the sake of humanity, for the sake of peace or for any other cause. They can't understand why anyone should give away anything so precious as money and put us down as imbeciles and underserving of any respect.

If we eliminated all gifts and made only loans that carried high interest and severe penalties for non-payment the other peoples of the world would begin to appreciate us. If on top of that we displayed a tougher attitude we probably would regain the respect of the nations and people who now look upon us as push-overs.

as a billiard table, and with soil of such poor quality that even the weeds have given up trying to win a foothold. One can see why the subdividers wouldn't like to tag the parcel with his own name—so what does he come up with? Probably something like Rolling Meadows or Mountain Home.

If there is a tree on the site then it can be anything—the Beeches, Plenty Oaks, Pine Hills, Sycamore Vista and so on and so on.

If the development is near water then it can be Lake This or River That. But the absence of water really makes no difference. There are many subdivisions with a Lake prefix that is miles away from one. A nearby pond is sufficient excuse.

We believe that if someone established a course in one of the universities for teaching people how to name subdivisions that it would serve a need. Some arrangement could be made also for a clearing house for names so they would not be duplicated, say in a 25 mile radius at least.

Someone suggested that perhaps the people who name pullman cars could take over the task of naming subdivisions but we don't hold with that. The pullman names go in largely for Indian names or at least something that looks like you imagine an Indian name would.

Anyway the rule appears to be that whatever the name is it must be unpronounceable.

That would never do for a housing development. How could one tell a friend where he lived if he couldn't pronounce it.

That's what happened in the Jo-

liet area. During World War II the Nazis destroyed the Czech village of Liddice and its population so a Joliet realtor had the happy idea of starting a housing development and giving it the name of this ill fated village.

That was fine but when it was discovered that Liddice has a tricky pronunciation, it wound up with people saying—"Leedis, Leedasy, Luh-deecee—oh you know, THAT subdivision."

With subdivisions springing up all over the landscape like mushrooms after a rain and with all in indications pointing toward a continuation of such growth, a new job field has been opened.

We have city planners; we have engineers who can look at a piece of real estate and immediately mould, cut and trim it into odd shaped lots

fronting on odd shaped streets; we have divers and sundry other experts too numerous to mention, to counsel and advise the other experts.

But—and this but is what prompted this column—as far as we have been able to ascertain there are no professional subdivision namers.

So far the naming of subdivisions appears to be an after thought of the subdivider. The names given these housing developments fall into two general categories—preservation of family names or fantasy.

A glance at plat books show that

while in former years it was customary for most subdividers to give the development their own names, like A. J. Clunker's Addition or P. Q. Ramrod's Subd., of Charles Z. Bottonup Addn., today's names fall into the fantasy classification.

Like for instance some one acquires a parcel of land that is flat

Here Is Law On Burning Of Garbage

So residents may be enlightened on the law in the Village of Tinley Park regulating garbage and refuse, sections 6 and 7 of the ordinance, reads as follows:

Section 6--(Burning of combustible waste). It shall be unlawful to build or light any bonfire so close to any building or other structure so as to endanger such building or structure nor shall any bonfire be built or lit on any public street, parkway, sidewalk or pavement.

Section 7--It shall be unlawful to build or light any bonfire or fires for the purpose of burning any combustible refuse or garbage on any day except Sundays and Saturdays after the hour of 7 o'clock a.m. and before the hour of 7 o'clock p.m. All burning of combustible waste materials shall be done in suitable containers and it shall be unlawful to burn any waste materials which result in noxious odors or fumes. The regulation prohibiting burning after 7 a.m. and before 7 p.m. shall only apply in areas zoned for residential use.

A PROUD FATHER—at the annual Valparaiso university's Dad's Day program was Willis Young of Orland Park. The senior Young saw his son, quarterback Ken Young play his last collegiate game against the Wayne State Tartars. Ken, a product of Lu-

ther South high school has been drafted by the Denver Mavericks of the newly formed American football league. The Crusaders ended the campaign with a 5-4 mark.

Lincoln-Way Cagers Nose Peotone In Opener 58-57

By Bill Sluis
The Knights of Lincoln-Way battled their arch rivals from Peotone right down to the wire last Wednesday, Nov. 25, to win their first game 58-57.

Dan Fenn was the hero of the night for the Lincoln-Way rooters as he scored two free tosses with only 13 seconds remaining in the activities. This gave the Knights the margin of victory.

Jerry Baker, Peotone's big center was high man on the scoring totem pole as he bucketed 14 field goals and three free throws for 31 total points.

Right guard Skip Kruzich of the Knights was second in scoring honors with 21, while Duane Warning followed with a close third at 19 points. Duane also did an excellent job on rebounding, coming down with 15 rebounds, as against 9 for Peotone center Jerry Baker. Baker is a fine ball player, and these totals indicate clearly that Warning should be bringing down loose balls with the best of them this season.

The first quarter was a toss-up as both teams finished with 14 points. Baker came up with 11 of 14 for Peotone.

Baker was again the high scorer in the second period, as Peotone gained a three point advantage at the half. Ron Yunker proved to be outstanding for the Knights. The half time score stood 32-29, Peotone leading.

The Knights fought back in the third quarter, and outscored their opponents by five points to take

a 42-40 lead. Duane Warning sparked the Knights by putting in nine points for the local cagers.

Peotone became bogged down severely, as Lincoln-Way's defense cooled Baker, holding him to only a single basket.

With 1:06 left in the game, Baker layed in a Peotone goal, to make it 56-55 in favor of the Knights. He also was given a charity toss which he missed. With the Knights in possession of the ball, the next minute was studded with numerous Peotone time outs until, with 13 seconds remaining, Dan Fenn was fouled and given two free tosses.

Dan plunked them both to give the Knights a 58-55 bulge. Peotone immediately took the ball down the court, and, with seven seconds remaining, Baker connected for Peotone's final point.

Thus the Knights gained a victory to make them a .500 ball club.

Most Observers Consider Bremen High As Class Of The Basketball Circuit

It's roundball time again! The grandstand coaches are back at their post. You may consult them for any information concerning the outcome of this season.

Sports writers are pounding the typewriters in an unmerciful fashion—hoping that the ferocity will give them some inkling of what is in the future for the local favorite.

This is the year for the fan in the SWS.

The Conference, on paper, has the best balance in history.

The SWS should blow a jazzy tune of baskets through ye 'ole net. The "hot" cats are jumping and shooting.

But those "cool calculators" of the SWS seem to get the shiver that those Redmen from Midlothian are the "jumpen" roundballers that have it—yes, m-a-n, those Redskins are alive.

Bremen has the "horses."

The Braves won the crown in 1957, but lost it to Rich in 1958. Coach Bill Brown and his Bremen team will seek the second SWS title in the school's history on the hardwood and are expected to bring it home.

Returning from last year's good team is Jim Mifflin and Jerome Randle El. Both Jim and Jerome gave the Braves some outstanding games last season. Mifflin was one of the leading scorers on the club. He stands at least 6'4".

A pleasant surprise to the Braves followers is Pete Loverich, football end and top pitcher. Pete stole the show in the Braves win over Thornton Fractional South, with a half dozen tip-ins and complete control of the rebounding game.

John Ragsdale, John Mannaoini and Rich Norbut have moved up from last years all conquering frosh-soph aggregate.

Mannaoini took control of the opening game and showed plenty of promise as a junior guard. John, who could not hit very well last season, showed plenty of ability to hit the net from some distance away.

Ragsdale did not score too many points, but certainly showed more than he did last season with the frosh-soph. John will develop as the year progresses.

Rich Norbut was used sparingly in the initial contest due to the return of an old injury. He is having shoulder trouble. Norbut was the leading scorer for the Braves youngsters a year ago.

The Braves looked ragged in the first outing with Thornton Fractional. But, probably the biggest surprise was the ability that South demonstrated in the game. They showed plenty of spark and hustle.

Bremen will have to play a better brand of ball if they are going to cop the SWS, but it was the opener and when these young Braves find themselves it will be rough on the remainder of the circuit.

One should be careful not to write up the Redmen as a sure fire winner.

They are not! The SWS coaches favored Bremen to win the conference in an unofficial poll, but the Sandburg Eagles must be heard from.

Everyone knew that Carl Sand-

burg was going to be tough this year, but no one expected the Eagles to give Riverside-Brookfield the drubbing that they did and certainly it was another surprise to see them knock off Blue Island with a bit of ease. Yes, the Cardinals were in the game, but those Eagles were not going to be bested.

Bill Adams fields a group of four men who started on the varsity of one year ago. The 1958-one two punch of Don Arnold and Gerry Mc Bride is getting plenty of help from Junior Duane Erickson and senior, Dick Barry isn't sleeping. Big sophomore, 6'5" Lance Roberts, has come along a bit faster than most everyone thought he would and is giving Adams plenty of time to breathe.

Roberts has been a rebounding factor in both of the Eagles victories in the early season. Last season the Sandburg team started with two defeats, but they are in the victory side of the ledger with the openers of last year.

Currently, the Eagles must be considered the hottest club in the SWS. After beating Blue Island—they must be considered the most serious threat to the Bremen chances of a second championship.

Adams boys could bring home the first SWS crown to the Orland Park school—if they continue this hot kind of basketball that they have shown thus far.

With Phil Wagner, the Rich Rocket must not be counted out of running. The Rockets looked bad and disorganized as they lost to Crete Monee in the season's liftdifter. However, the last week they were much improved the losing to Kankakee.

As yet, John Sedgewick and his men don't seem to show the class that Bremen and Sandburg are strutting.

John commented, "We just about have the football out of our system and my men are improving about a 100 per cent every week. We are a contender."

Wagner, All-Conference last year and an all starter in football, showed last season form as he poured in 20 points against Kankakee last Friday. Phil had not been good in the first game with Crete. He will be tough and thus will Rich.

Sedgewick expects plenty out of forwards Ron Stone and Robert Long, both of these boys are over the 6' mark. Rick Sammon and Corky Hughes are expected to play the backcourt for Rich.

Tom Sloan and Tim Howard are the prime reserves for the Rockets.

Sedgewick hit on Rich's problem thus far: "We have to get more shooting and it must be accurate."

Homewood-Flossmoor a newcomer to the Conference under the tutelage of Bill Burkhardt—formerly of Rich—will floor the tallest men.

The Vikings do not have one man under 6' on the starting five and their two front line reserves are 6'5" and 6'4" respectively. Wow! This is the first year for H-F, but it could be a memorable one.

Burkhardt, suggested that H-F was a contender. We have size, but we are young he told this reporter. If we jell and get moving the top teams had better move over and make room for us.

H-F will start Ed Didrickson (6'4") at one forward with Tom Swanson (6'2") at the other. John Przybyla will be the center (6'5") and his replacement will be Guy Godman (6'5"). Whew!

The guards are both 6'—Ray Browner and Dave Naga. The other top reserves are Bruce Hill-emeyer (6'4") and Bob Allison (6'2").

This is the team of tall men. Lincoln-Way has gotten away to a better start this year. The Knights beat a good strong Peotone team, 58-57. Peotone is as strong as half the team's in the SWS.

Joe Kruzich feels that his boys are young and are still away from the position of full fledged contenders for the SWS crown. However, we are not going to lose the game this year the way that wedid last he reports.

Kruzich has been non-committal but he expects more wins from this squad that features good outside shooting with some better up front shooters.

Last season the Knights could hit from the outside, but when they were close on the basket—well, they just could not hit the net.

In the Peotone game it was "Skip Kruzich and Duane Warning that provided the punch. Kruzich was over the twenty mark and Warning finished just one under it. These two fellows are going to give plenty of trouble to the opposition.

Al Waldvogel will have to come through if the Knights are really going to be in the upper half of the league. Al demonstrated the fine outside shot in the Plainfield game and should develop.

Sophomore, Ron Yunker, netted a dozen points in the Peotone game and was something of a surprise at the other forward post. You may see more of him.

Dan Fenn and Bill Seavertson are other forwards who have seen early season action.

Kruzich does not have a great abundance of guards, but he has some who are adequate. Jerry Hae hnlein, still out with a broken hand and Bob Lichtenwalter are considered the best prospects for the other guard.

Joe Walton of Oak Lawn seems to think that his team will hit their stride in about five more games. We gained a great deal of ability just between the Blue Island and the Argo games he stated.

He doesn't expect anything great from his men in the first couple of games, but after that he is counting on plenty of victories in the SWS. Last year the Oak Lawners were the only team to beat Rich.

It was the first time that the Spartans finished second in league play in basketball.

At the forwards Walton will use Paul McHenry and Dan Karvasek, both have improved tremendously since the start of the season. Much hangs on the development of 6'6" center Larry Stone. Larry will have to show more savvy and strength if he gets those—look out.

The guards are Ron Murphy and Don Miller. Thus far, Miller has scored plenty in the first two contests for the Spartans.

Miller is the only letterman from last year's team on this squad. Evergreen Park is hoping to

move up from last year's finish reports coach John Megson. We will not have the height that we carried last year, but we are expecting to win our share of games.

Evergreen beat Elmwood Park in the opener, 59-57, but Megson does not consider the Elmwood Park entry a serious threat to any one.

John LePore, senior guard, and a leading scorer on '58 outfit returns and Paul Schoenheider will team with him at the other guard. Megson does not look for the same outside deadliness of last season with Wittington gone.

Jerry Niese and Jim Tripton, both saw action last year, will be working at the forward posts.

Gus Pausz, junior 6'3", will start at the pivot spot for the Mustangs. Behind him is senior, Tom McIlraith, 6'4".

Reavis, coach Massic tells us, is the shortest team in the Conference.

They have a six-footer at center and that is it.

"My boys are small, but fast and aggressive and I think that we will surprise some of the tall slow quints," confided Massic.

Reavis has two returning sharp shooters, who can drive and set-shot an opponent to death. So they are not in the desperate straits that the size would seem to indicate.

Ken Natale and Bob LeMonier are both among the best shots in the circuit and should prove that again this season. Both of these kids are nearly six foot.

LeMonier will team with Jerry Savala at the forward position. Bill Marcorides, only six footer on the team, will start at Center for Massic.

The Rams will start Pete Mysza a good ball player, along with Natale at the guards.

The largest single factor against any Ram hopes is the lack of real depth. After the front five are gone there is literally no one—that is at present—to take over.

It will be a great season. The winner will be one of three schools and they could well finish in this order: Bremen, Carl Sandburg, or Rich.

Horse Wins High Honors

"The Copper Kid" owned by Glenn and Beverly Vally of New Lenox placed over 35 horses to become the grand champion halter gelding of the 1959 International Quarter Horse show at the amphitheater in Chicago on Nov. 23.

"Copper" is a five year old gelding coppery dun in coloring. The Vally's have shown him in various shows this season and he has won many ribbons in both halter and pleasure classes.

The fact that the Southwest Conference is getting tougher each year was well attested by the "kids" picked on the Chicago Daily News All-State selections.

Bill Wagner, Rich end, was selected as one of the top 44 prep stars in the state. Last year the SWS did not have one selection in the charmed circle and Rich had an easy time netting the title. This year the Rockets were extremely fortunate to win.

Bob Aulwurm, Carl Sandburg tackle made the special mention. Bob Szdek of Rich was a quarterback.

About a dozen or more from the SWS were included in the honorable mention. Rich Norbut from Bremen was included along with Randy Cernick from Sandburg in the backfield on the honorable mention.

Ed. Smith and Bill Seavertson, both of Lincoln-Way, who were selected as both offensive and defensive players of the SWS All-Star squad, were on the honorable mention.

There were a few more selections, but certainly a far cry from the selection of a year or so ago.

The SWS is now winning the bulk of its extra conference engagements. Last season they lost only one game in outside play, while winning about five or six.

Certainly, the conference has evened up in the past two years. Football was not an open and shut case and was not decided until the final games of the season. Perennial tail-ender, Lincoln-Way, surprised the entire circuit beating Rich and turning the heat on everyone that they played. On paper they look stronger for next season.

Seven of the eight teams figure to be stronger next season, with plenty of the all-state mentions returning for duty next year.

Next year the football grid will be hotter than ever and the wins and loss should resemble some pop corn.

Basketball—Ah! Yes... That seems to be the topic. Well, the Braves have the horses in the SWS, tho--they were a little lame on Saturday in the opener.

Electrically operated equipment needs an oil change before winter operation just as your car or tractor does. Such equipment includes any kind with gear boxes, such as some feed - handling equipment, pump jacks, milking machines and air compressors.

Light up but don't burn up for Christmas. Make sure extension cords, Christmas tree lights and accessories are in top-notch condition before plugging them in.

Temporary outdoor decorative lighting must be weather-proofed. Plug-in connections on rubber or plastic extension cords can be temporarily water-proofed by wrapping them with plastic. Use freezer bags or other plastic grocery packages.

Pigs farrowed in December, January and February require extra care because of cold weather and confinement. Provide clean quarters at farrowing time. Also provide additional heat if possible. Farrowing crates or stalls are the best way to reduce death loss, but guard rails also help. Provide a source of iron so that pigs will not become anemic. Above all, watch your pigs so that you can spot problems early and correct them before losses are large. Large litters are necessary for profitable hop operations. When prices are low, litter size may be the difference between profit and loss.

Civil Defense Is Topic At Home Bureau

Mrs. Claradahl Upham, Cook county home advisor, spoke on "Civil Defense at Home" at the Bremen Home bureau meeting on Thursday, Nov. 19 at Farm Bureau hall.

Now is the time to prepare for an emergency whether it occurs from an enemy attack or tornadoes and floods, eight survival steps to take were stressed, she said. She added that people should know what to do when the signals sound, and ways to prevent and fight fire, at least one person in the family should know first aid, she said.

Mrs. Upham emphasized that "Now is the time to start preparation for a bomb shelter and furnishing it with a two week supply of canned food and water. Plus a first aid kit and other necessities

Here's what happened to the production level of one dairy cow that did not get a rest between lactations. One year she produced 4,085 pounds of milk and 187 pounds of butterfat in the first three months after calving. This high production followed a good dry period. The next year she was not given a dry period. In the first three months after this calving, she produced only 1,333 pounds of milk and 65 pounds of butterfat.

More farmers are finding it necessary to pool their capital and labor with relatives and partners to get an adequate business size. Pooling can provide more efficient use of large, costly machines. However, such arrangements require applying good business principles in settling accounts if partners expect to get a fair division of profits. For this purpose good farm records are a must. Letters To The Editor

Dear Sir:

We were told, other towns have their garbage picked up without extra cost to the taxpayer. New Lenox tax payers are still paying to have this done which is very unfair.

There is so much sales tax paid here in New Lenox, and seems they never know what to use the money for, this money should be used to pay for having the garbage picked up here every week.

In that way the people will be getting something for their money here in New Lenox.

They are taxed plenty for real estate and personal property.

Another school bond election is set for Dec. 21, will this mean pro-

erty tax will be even higher then it is now?

What is going to happen to the people here? Especially those who have a small pension and are depending on that to live on for their old age?

MR. and MRS. E. A. OSMUS

THE CHRISTMAS SPIRIT

Dear Sir:

From Thanksgiving to Christmas, the average American is a happy lot. We are happy with the Christmas spirit, buying gifts, sending cards and, well, just doing for others.

With the passing of Christmas day itself, we lay aside the joy we found and the happiness we gave for another year. Our thoughts turn to our own selfish every day needs.

Why must the joy and happiness of this glad season pass away on December 25th? Why can't the ideal of the Christmas season remain with us every day of our lives?

If all of us would practice Christmas every day of the year, we then would really bring the true Christmas era to every home.

May the blessing of the season remain with you always.

Sincerely,
Frank Miller

DISCUSSES BONDS

Dear Sir:

At a referendum held last May 2 the people of the village of Tinley Park authorized the village government to sell bonds in the amount of \$122,000 at 4-1/2% interest to finance the construction of a new, larger water storage tank.

Pre-referendum propaganda released by the village board to create a favorable public attitude toward this project stressed heavily the urgent and immediate need for the construction of this improvement. To quote from a mimeographed condensation of a series of meetings held by the village board which was circulated about the village prior to the referendum—"The fire department reports on a lack of water for fighting a serious fire—their pumpers empty the present tank faster than both wells can fill it. All recommendations are for facilities that are needed now."

The following quote is an excerpt from a brochure emblazoned with a golden triangle which also was given village-wide circulation prior to election day. "A new water tank with 500,000 gallon capacity, to be erected on the site of the present tank and utilizing the same wells. Normal requirements used by fire insurance agencies and engineering firms is about 100 gallons of water per person per day. Present population is about 5600. The present tank permits about 10 gallons per person. One more final point of reference. Who said that these bonds were to be sold at 4-1/2% interest? The village board of course. If you still have your copy of one more piece of propaganda published by the village board titled "Comparison Chart — Water and Sewer Charges Tinley Park and Surrounding Towns", refer to column 8, interest charge on G.O. Bonds. You will see there that they tell you that the rate would be 4-1/2%. What do they tell you now? In the Tinley Park Times of Nov. 26, 1959, a story concerning action on the construction of a new water tank tells you that even though we approved the financing of this improvement at referendum it is not going to be financed under the circumstances they told us prior to the election would prevail.

After seven months of silence we now find out that altho Benjamin and Lang were bound by contract to sell these bonds at 4-1/2% they did not do so. What kind of contract were they and we partners to? Perhaps the village board has been so busy hiring press agents, buying second squad cars that do little more than sit in a driveway, spending money on radar traffic equipment that is seldom if ever used, and finding loopholes in village ordinances for the benefit of sub-division developers that

they had no time or opportunity to instruct Benjamin and Lang to place these bonds on the market.

What manner of representation do we have in our village government that would allow us to live for the past seven months under the hazardous conditions they themselves outlined in the printed matter they circulated prior to referendum day.

Now they tell us that they may have to hire a fiscal agent to assist us in selling these bonds at a higher rate of interest than that which we approved last May 2.

Much ado is made by the present administration about their considerate and efficient handling of our affairs. If their failure to sell these bonds when they should have been sold is an example of either consideration or efficiency than Webster's definition of these words is in error.

We were told over and over again that the village board's planning on the issues presented to us on last May 2 had been very carefully and deliberately planned. After their long delay in bringing these propositions to public scrutiny we had every right to believe this was so. At the polls on May 2, we approved their plans.

We should now have every right in the world to ask why the village board allowed seven months to pass in which they sat and watched interest rates climb and did nothing. Is this the efficiency of which they brag? Why did they not insist that these bonds go on the market immediately after approval at referendum? Who will pay and pay thru the nose for their neglect in carrying out the mandate of the people? The people themselves, of course. They say we may have to go to referendum again to vote on the same issue we approved before. Will there be any change? Of course there will. The price will be higher and so will the rate of interest we will have to pay to finance the project. The people of the village of Tinley Park had better wake up and become aware of what is going on around them. The malingering of this village board is becoming an expensive luxury to the taxpayers of Tinley Park, one that can scarcely be tolerated much longer.

Homer

Church Holds Annual Meeting Sunday Dec. 6

By Elizabeth Anderson

The annual meeting of Homer church will be held at 1 p.m. Sunday, Dec. 6. Reports from church officers and the heads of affiliated groups will be heard, followed by the election of officers for the year 1960, and the discussion of other business items. This is the most important business meeting of the year and all members are asked to be present. Potluck dinner will be enjoyed immediately after the morning worship service.

The N.W. Homer Fire Auxiliary will hold its Christmas party Monday evening, Dec. 7, at the Fire House on 143rd St.

The Homer Fire Auxiliary sewed in the home of Mrs. Anna Tuider last Tuesday, to complete dolls to fill their Christmas orders. On Dec. 8 and 9 they will sponsor a rummage sale at 69 S. Chicago St., Joliet. Anyone having articles to donate is asked to contact Mrs. Ben Brankey or Lkpt. 1386-R1 or 1322-W 2.

On the regular monthly meeting date, Dec. 7 at 8 p.m. at 33-C school, the annual election of officers will take place.

The Homer Volunteer Firemen held their usual monthly meeting Monday evening of last week, and wish to have a recent report corrected. The fireman is progressing, but is not ready for use or for the reported Open House which will not take place before spring. The truck has been purchased but is still in the process of being fitted for use as a fire truck. The last three sessions of Preliminary Firemen's training has also been deferred until spring.

Mrs. John Hollister entertained at a miscellaneous shower in her home on Gougar Rd., last Friday evening, the honored guest being Miss Susanne Burcham. On Dec. 5, Miss Burcham will become the bride of James Bethell at a 7:30 candlelight service at Homer church to which friends and relatives are invited. This was the third in a series of showers for Susanne.

Glenn George Giroux, son of the Louis Giroux's who live near Hadley Rd., was christened in St. Jude's Church, New Lenox, last Sunday.

Members of the George Welter family enjoyed Thanksgiving dinner in the Alvin Welter home, Rte. 7. Besides the immediate family of the host, the guest-list included Mr. and Mrs. George Welter, Mr. and Mrs. George Ballew and sons, Ronnie and Doug, Mr. and Mrs. Owen Storm, Mr. and Mrs. Bruce Anderson, George and Faye Anderson.

Mr. and Mrs. John W. Reiter had as a Thanksgiving weekend guest, Basdeo Mohit, an exchange student from Trinidad. Other visitors in the Reiter home on Thanksgiving Day were Mrs. Hannah Geist and Mr. and Mrs. Jack Reiter and daughters, Roseanna Louise and Katherine, all of Lockport. They son Stewart is home from Urbana for the Thanksgiving holiday also.

Mr. and Mrs. Henry Kelly entertained two young men from Japan, also exchange students, over the weekend. They are Shuze Nakamura who, for the past 2 1/2 months, has been studying Industrial Designing at the Illinois Institute of Technology, and Meiji Watanabe, who is doing graduate work in Architectural Engineering at the Institute. Shuze's home town is Kyoto, while Meiji is a native of Shizuoka. On Thursday evening relatives of the Kellys from Clarendon Hills and Lombard, joined the group and all were entertained by an exhibition in Japanese folk-dancing, and American square dancing.

On Friday evening, Mr. and Mrs. Kelly and their house guests attended a party at the Japanese Embassy in Chicago.

Mrs. Marie Bachmann of New Lenox was the guest of her daughter.

ROUNDHEAD ROLLO resists change.

For him, spring, summer, autumn and winter are all the same.

He expects it to be as light at 5:30 p. m. after daylight saving ends as it was before.

He is annoyed by slippery leaves on the pavement, but doesn't see why he should drive slower.

People tell him winter is coming, but he doesn't get around to conditioning his car until it stalls on an expressway.

The Roundheads are a big reason why the late months of the year see the highest rate of highway accidents.—Cook County Highway Department.

MRS. JAY MASSEY

FRANKFORT COUPLE WED IN RITES AT METHODIST CHURCH

The Frankfort Methodist church was the recent scene of the wedding of the former Miss Pat Wilson and Jay Massey, at a candle-light ceremony performed by the pastor, Rev. James Parker.

The bride is the daughter of Mrs. Irene Wilson of Frankfort, and the groom is the son of Mr. and Mrs. Amos Massey, Frankfort.

The church was decorated with white satin ribbons on the pews, palms, glads and mums, for the occasion. Two large candelabra adorned the altar.

The soloist, Shirlee Guth, sang "I Love Your Truly", "Because," and "The Lord's Prayer".

The bride, escorted to the altar by her brother, James Wilson, was lovely in a Chantilly lace gown, which she and Mrs. Mary Schwarz designed. Of pleated and tulle and nylon net, the long pointed sleeved gown, had an empire collar and four tiered skirt, which extended in a cathedral length train. The finger tip veil was held in place by a small tiered crown. She wore a three-strand pearl necklace, a gift of the groom. Her bouquet was white roses, mums, and stephanotis.

The maid of honor, Julie Lesniewicz, wore a blue velvet princess style dress, and white fur muff with matching bands. She carried a spray of pink garnet.

The bridesmaids, Miss Marlene Fedak, Miss Deanna Taylor, and

Mrs. Pat Nice, wore identical gowns as did the junior bridesmaid, Miss Carol Nipkowski. Also dressed in an identical gown was the flower girl, Lynette Scheeler, who carried a basket of rose petals. James Wilson Jr., the ring bearer, carried a white satin pillow.

The groom's best man was Milton Batson. Ushers were Ray Gahles, Charles Joyce, and Dick Kirk.

The bride's mother wore an off-white brocade sheath gown with matching jacket and brown accessories. Her corsage was bronze mums.

The groom's mother was attired in a blue satin sheath with matching accessories. She also wore a bronze mum corsage.

Honored guests were the bride's grandparents, Mr. and Mrs. Carl Hedberg.

Following the ceremony, a reception for 350 guests was held in the church parlors. Mrs. May Swirch served punch, Mrs. Pat Dornsch, coffee, and Mrs. Lorraine Swanberg handled the guest book.

The young couple motored to Canada for a wee's wedding trip. They are now living at 300 Franklin in Lincoln Meadows, Frankfort.

The groom is employed at Acme Steel Company, Riverdale, and the bride at Massey's Standard, Frankfort.

CELEBRATING OUR 20th ANNIVERSARY

In 1939 our agency first opened for business, and for these past twenty years we've had the pleasure of doing business with many of the fine people who have lived in the New Lenox Area.

As we look back over these years, it becomes apparent that our success is undoubtedly due to the loyalty and support of our many clients, which must have been earned by our sincere desire to give the best insurance service for their insurance dollar. This goal will never be changed - it will always be the by-word of our business.

At this time, our twentieth anniversary, we pause to thank sincerely all the fine people in New Lenox for making it possible.

Womans Club To Hold Annual Yule Dinner Dec. 7

By VIRGINIA SASS
New Lenox 3133

The Marley Woman's club will hold their annual Christmas dinner party on Monday, Dec. 7 at the Charm Acres tea room on Bruce Road, Lockport. Dinner will be served at noon. Members are to reveal themselves to their secret pals with gifts. A Christmas program will be presented under the direction of Mrs. John Riley. The Marley Missionary society

will meet at the home of Mrs. Robert Sproat on Wednesday, Dec. 9. A potluck dinner will be served at noon. Members are to bring a dish to pass and their own table service. The assisting hostesses will be Mrs. Adella Sproat, Mrs. Jean Martin and Mrs. Durward Killinger. Instead of the usual gift exchange members are to bring 50¢ which will be given to a Baptist Missionary training student. The program will be presented by

Mrs. Loren Sass.

Mr. and Mrs. Everett Bell are the proud grandparents of a baby girl born on Nov. 22 in St. Joseph hospital, to Mr. and Mrs. Robert Bell of Joliet.

Members of the Marley Missionary Society are invited to attend the Baptist Women's Day of Prayer on Friday, Dec. 4 from 10:30 am. to 3 pm. in the Marion av. Baptist church, Aurora.

Baby sitters will be supplied. Bring a sack lunch, desert and coffee will be furnished. Mrs. Bertel Ogren of Lockport, will be the afternoon speaker.

Mrs. Charles Elliott and Mrs. Adella Sproat attended the Will County Club League board meeting at the public library in Joliet Tuesday.

The Maple Street Arbor of Gleaners held their regular quarterly meeting in the Homer school Nov. 20. Chairman of the affair were Mr. and Mrs. Charles Sievert, Mrs. Beatrice Coe and Mr. and Mrs. Wilbur Francis. Games were played and prizes awarded. Refreshments were served. Chief Gleaner Harwood Stellwagen presided during the business meeting. Annual reports were given by the secretary, James D. Frazer. Mrs. Beatrice Coe and Mr. Frazer reported on the National Gleaner convention which they attended in Michigan. The annual election of officers was held with the following result:

Mokena C. Of C. Will Again Sponsor Christmas Tree

BY MARGARET SEMMLER
Mokena 5561

At the meeting of the Chamber of Commerce last Tuesday held in the VFW hall, the members decided to encourage each business place in the Village to decorate their store windows for the Christmas season. It was announced that the Civic association will again sponsor the community Christmas tree which will be placed on Front st near the depot. It will be lighted and decorated and carolling will be held around it; the date to be announced.

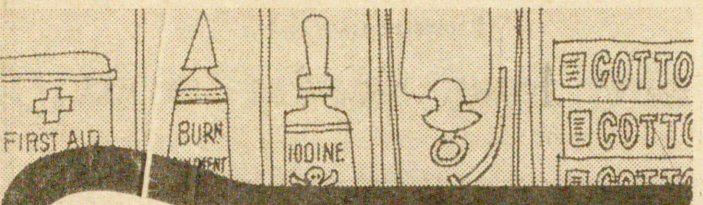

Mrs. Margaret Bechstein returned Friday from Chicago where she had spent the past eight weeks. She was a patient in the Masonic hospital where she had an embedded cataract removed from her right eye, and a detached retina in the same eye corrected. After the three weeks in the hospital she spent four weeks in the home of her niece, Mr. and Mrs. C. H. Klama in Chicago. Mrs. Bechstein is doing nicely but will need to be careful for some time, as the healing is a slow process. In due time she will return to the hospital to have the cataract removed from her other eye.

in the Christmas story. Last Sunday he spoke of Herod and Zechariah. This coming Sunday Dec. 6 he will speak on John the Baptist, taking as his title, "Great Before the Lord." Dec. 13, will be: "Mary, the Magnificate," and the last of the series will be Dec. 20 which will be about Jesus, "For Unto You is Born." Everyone is welcome.

This Sunday Dec. 6 the intermediate MYF will meet in the church at 6:30 p.m., and the senior group at 7. Last Saturday the Senior group entertained nearly 20 young people from the 4th, 5th and 6th grades. They had a fine time, playing games, singing and a devotional service climaxing with refreshments.

Mr. and Mrs. Roy Carlson and children returned from Phoenix, Ariz., a week ago and are making their home with her mother, Mrs. Frances Guthrie, First st.,

A little inexpensive insurance

■ A home without basic first-aid supplies is in a dangerous position. Accidents can happen at any time. We'll be glad to suggest an inexpensive assortment of first-aid needs... gauze, tape, antiseptic, burn ointment, etc. But remember, though first aid can save lives, it's often important to follow up with a visit to your doctor. Only he is qualified to judge the seriousness of an injury and prescribe proper medical care.

Country Club Hills Chief Starts Training Of Volunteer Policemen

BY MARGOT BARTNIK
Sycamore 8-7742

Volunteers for the police force began training this week, under the tutelage of Chief John Marts. Two men began training during the day on Monday, while eight others report on Tuesday and Thursday evenings. Names of these men will be released in the next few days. Meanwhile, plans are to measure them for their uniforms on Saturday, Dec. 5. Chief Marts is already in his new dark green uniform. Volunteers shall wear the same, and it is expected that they will be properly trained and on duty by Dec. 22.

Open house was held at city hall on Saturday afternoon, Nov. 28. The building was freshly painted, and new drapes covered the windows. City Clerk, Virginia Ben-nison and Mrs. John Thomas col-laborated in making the drapes. Mayor James Nally estimated that about 70 people visited city hall during the afternoon.

While council members and police department held forth at city hall, a force of volunteer firemen, under the direction of Chief Frank Daniels, and trustees, held open house at the firehouse. Coffee was served to visitors. Anyone in-terested in joining the fire depart-ment may contact Chief Daniels, SY 8-5607. Jerry Bette, pub-licity chairman, announced there are openings for men who would be available during daytime hours.

COUNCIL NEWS

A letter from the J. E. Merriion Co. has definitely established the southwest corner of 183rd and Crawford as a future shopping center. The area previously consid-ered at 175th Street has been zoned residential.

The cities share of motor fuel tax from the state for October was \$1,105.95.

Alderman Clinton Nelson con-tacted the 183rd St. Water & Sew-er Co. and was assured that there should be no water shortage in Units 1, 2, 3, 4, and 5 at any time, since an emergency gasoline motor is to be installed in the new well house at 187th Street to take over in case of power failure. Wa-ter will be softer in Units 1, 2, 3, and 4 in the future it was said. However, residents in the other new units will either have to con-tinue using the present water, or

install their own water softeners. Two areas are to be flooded for ice skating. Elmer Wulf said the volunteer fire department will flood a portion of the future park at 187th & John and also the field north of 179th & John. This will eliminate the necessity of children crossing 183rd street. Grading was to have been accomplished this week, and the rinks ready to use within a week or so -- tempera-ture permitting.

A building code was introduced to be adopted into the Municipal Code at the next meeting. Ordinances passed covered bicycle safety, ani-mals, miscellaneous offenses, abandoned ice-boxes, and the size of street signs. The city re-ceived insurance policies covering workmen's compensation, public liability, automobile physical da-mage, and false arrest. Residents are reminded that voter's regis-trations are accepted in the city hall, 17701 S. Crawford Ave., daily between the hours of 9 a.m. and 5 p.m. and on Saturdays between 9 a.m. and 12 p.m.

PTA SESSION

The Southwestern Area Council of the PTA met Tuesday evening, Nov. 24, at Willowview school. The council meets once each month, to provide inspiration, information, and instruction to local units and their leaders. A board meeting is held every other month. The coun-cil is comprised of eighteen local PTA's. At the meeting Tuesday evening, representatives from fifteen of the units were present. A regular business meeting was held, followed by a special display of the Country Club Hills PTA.

A panel discussion was held on publicity, PTA publications, schol-arships, etc. Roger Chavanne, president of the Country Club Hills PTA, gave a short report on ac-tivities of the unit and the recent Fathers' night which was so well attended. School Superintendent Zenon Sykuta related to visiting PTA's how Willowview was built. He mentioned that this was the first school completed under the state aid building plan. The council commended the local PTA unit.

UNITED CHRISTIAN CHURCH
The Church School now averages about 130 pupils, it was announced at a Worker's Conference. The growth has been rapid since the move into the new school. On

Wednesday evening, December 2, the deacons were to have met in the home of chairman, Charles Van Horn at 8:30 p.m.

The next meeting of the official board will be on Dec. 7, with Mary Lou Kraefft, 4450 183rd st. at 8 p.m. The various functional de-partments of the church have been meeting and making progress in their work. The worship depart-ment has worked out a new seat-ing arrangement in the school. They also are planning a new order of worship which will seek to ex-press the diversity of the various denominational backgrounds of the church.

The finance department is in touch with the officers of the board of church extension, church loan agency for the Christian churches, relative to a visit to the community for consultation. Ten-tative plans are to continue the building fund campaign thru the use of envelopes in Sunday bulletins until the intensive campaign can be launched late in January or early in February. The community Thanksgiving service was well at-tended, with about 120 at the ser-vice itself and 20 in the nursery.

The Rev. Wendell Pew will at-tend meetings of the Chicago Christian ministers, and also mee-Chris-tian ministers, and also a meeting at the Stockyards Inn of Protestant, Jewish Orthodox, and Roman Catholic clergy, Dec. 9th. This meeting is in relation to the problems of housing in the Chicago area, and marks a new milestone in inter-church cooperation on common metropolitan area prob-lems. The Youth Fellowship is planning a progressive dinner on Dec. 11. The Rev. Mr. Pew an-nounces that a child and parent dedication service is being plan-ned for Dec. 13. Any interested parents are asked to contact the pastor.

The Tinley Park State hospital shall be visited by members of the three Circles - on Dec. 16. Mrs. George Shaffner, SY 8-0336, should be contacted in regard to infor-mation on the type of gifts to be given patients. Paper back books - especially mystery stories - are always in demand. The Joanna circle will meet on Dec. 9, at the home of Mrs. Herbert Nelson, 18321 Baker, where they will continue on their current project of making stuffed toys. The Esther Circle meets on Dec. 8th, at Mrs. Wil-liam Etheridge's, 4660 W. 185th Pl. The Naomi Circle will meet on Dec. 9, at the home of Mrs. Richard Bagwell, 4451 W. 188th Street. All three groups are in the process of making stuffed animals

for children in hospitals.

ST. JOSEPH MISSION CHURCH
Permission has been obtained from the pastor at St. Joseph's church in Homewood for the women to formally organize after Jan. 1, 1960. Until this time, when they hope the new building will be com-pleted and ready for use, the women will meet in unit groups. A tem-porary chairman has been ap-pointed for each unit, at whose home the women will meet for the present. All proceeds from pro-jects and fund raising activities will be used to reduce the mort-gage. Volunteer unit chairmen are as follows: Unit 1 - Mrs. John Honza; 2 - Mrs. Frank Hughes; 3 - Mrs. Thomas O'Shaughnessy; 4 - Mrs. Ray Champlin; 7 - Mrs. Thomas Marquette. Unit leaders will contact each woman to notify they of the date of the first unit meetings.

Old clothing was donated over the week-end toward the 1959 Catholic Bishops' clothing collection. Con-tainers were placed at the new building for the convenience of re-sidents. Men, women, and child-ren in more than 40 countries bene-fit from this annual clothing drive. Approximately 16,500 Catholic parishes thru the United States participated in the drive. Pro-Testant and Jewish groups con-ducted similar appeals during Thanksgiving week. Clothing will be distributed according to need, regardless of race or religion. A-mong the many recipients of cloth-ing collected in last year's drive were Buddhist refugees from the Chinese Communist terror in Ti-bet.

Steady progress on the building of the new church is still being made with volunteers working at every opportunity - even Thanksgiv-ing morning. Women are con-tinuing their periodic servings of coffee and rolls - along with lunch at mid-day, to the workers. Local merchants have been very gener-ous in food donations to the vol-unteers. In charge of soliciting food donations is Mrs. George Barry - SY 9-5592.

A dedication on booklet is being prepared, under the direction of John Larmon, SY 8-0570. It will be distributed at the first mass on Christmas Eve in the new church, and will contain a brief history of this young, but very ac-tive parish, and records of the various groups that have carried out the various phases of organi-zation that have made it possible to actually begin a church in so short a time.

JUNIOR TEENS

The next meeting of the Junior 'Teens will take place on Friday, Dec. 4th, at Willowview. Dec. 16 is the date set for the roller-skating party to be held at Tinley Park rink from 7 p.m. until 10 p.m.

PERSONALS

Thanksgiving Day was an espec-ially happy occasion for the family of Mr. and Mrs. Lee Merriion, since dinner included Mrs. Mer-riion's father and mother, Mr. and Mrs. John Gibbons. Mr. Gib-bons had been hospitalized for ap-proximately two years and was dis-charged from the hospital only three weeks ago.

A birthday party for four year old Susan Martin, daughter of Mr. and Mrs. William Martin, was held on Nov. 14. Besides her sister, Catherine and brother, Billy, sev-eral friends were present: Mary Lee Pew, Karen and Jack Sli-winski, Wendy Bergquist, Jane and John Redinton, Marta Earhart, and Gerry McIlvane. Naomi Stasko celebrated her 8th birthday on Nov. 25 with a family party.

A birthday party was held also for Bonnie Olson, daughter of Mr. and Mrs. Norman Olson, on Tues-day, Dec. 1, after school. Invited were the following classmates: Lynn Johnson, Mary McDonald, Roxanne Heist, Barbara Smith, Gail Thompson, Diana Marquard-son, Patty Myers, Lynn Schumach-er, and Anne Cox.

A dinner party on Thanksgiving day was the scene of a birthday celebration for 3-year old Jane Million, daughter of Mr. and Mrs.

Norman Million, at the home of Mrs. Million's sister - Mrs. Thom-as Abbie in Chicago. There were 25 relatives present at his dual celebration. Micky Honza, son of Mr. and Mrs. John Honza, had his tonsils removed on the Fri-day after Thanksgiving. He re-mained in Ingall's hospital over-night. The Edwin Raddatz fam-ily left the Friday after Thanksgiv-ing for Wisconsin to visit Mr. Rad-datz's sister over the weekend. Thanksgiving dinner was planned for Saturday.

Dec. 18 is being anticipated eag-erly by David Otto, son of Mr. and Mrs. Robert Otto, who is be-ing treated to a steak dinner by his parents for his 13th birthday. After having dinner out, they will have ice-cream and cake at home with the younger children. Mr. and Mrs. Don Merriion joined former residents Mr. and Mrs. Rich Er-win for dinner at Cavallini's a week ago last Wednesday. The Rob-ert Hancock family entertained several guests on Thanksgiving day. Along with Mr. Hancock's mother, Mrs. Freeman Smith from Las Vegas, who has been visiting the Hancock's since November 10, Mrs. Hancock's mother, Mrs. Martha Barczak from Chicago, and two brothers with their families, partook of Thanksgiving dinner with the family. It is hoped that Bobby Hancock, who was ill over the holiday weekend, is feeling bet-ter now. The Robert Woods' spent Thanksgiving in Erie, Pa., with their families. Mr. and Mrs. Lar-ry Simon went to Buchanan, Michi-gan with their youngsters to spend Thanksgiving with Mr. Simon's parents. They returned Sunday ev-ening. Mr. and Mrs. Art Ebert entertained their daughter and son-in-law, Mr. and Mrs. Weissner a-long with their children, Toni, 6 and Dawn 4 yrs. old for Thanksgiving dinner. Local residents who went out to dinner on Thanksgiving in-cluded the Norman Olson's, the Robert Arbuthnot's the James Cronin's the Kenneth MacKenzie's, the Cleo Thyfault's and the Don Merriion's.

Ordinance No. 196

An Ordinance creating an issue of \$455,000 Waterworks and Sewerage Revenue Bonds, Series of 1960, of the Village of Orland Park, Cook County, Illinois, and providing for the payment and security thereof.

WHEREAS, the Village of Orland Park, Cook County, Illinois, owns and operates a waterworks system and a sanitary sewerage system serving the needs of said Village, and has combined said system into a combined waterworks and sewerage system (hereinafter, together with the improvements and extensions authorized by this ordinance and all further improvements and extensions thereof, collectively called the "system"); and

WHEREAS, the governing body of said Village has heretofore approved plans, maps, files and specifications for the construction of needed improvements and extensions to said combined system, and has determined that said Village will need to borrow \$555,000 to provide said improvements and extensions; and

WHEREAS, pursuant to the provisions of the Revised Cities and Villages Act, this Village is authorized to issue Waterworks and Sewerage Revenue Bonds in an amount sufficient to pay part of the cost of acquiring such properties, constructing such improvements and extensions, and installing such equipment, and the income and revenue derived, and to be derived, from the operation of said combined waterworks and sewerage system of said Village will be fully adequate to provide for the payment of bonds proposed to be issued.

NOW, THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Orland Park, Cook County, Illinois, as follows:

Section 1. That the existing system of this Village be improved and extended in accordance with the engineering report and with the plans and specifications prepared by DeSoto B. McCabe and Associates, Consulting Engineers, Franklin Park, Illinois, heretofore submitted to and approved by this Village, at a cost estimate (including engineering, legal, financial, and other expenses, together with interest on the bonds herein authorized during the period of construction of the improvements and extensions herein described and for six (6) months subsequent to the date of completion thereof) hereby determined to be \$555,000, said improvements and extensions to include the following:

A. Waterworks improvements: Four Hundred Thousand gallon water reservoir, pumping station and appurtenances and water main extensions.

B. Sewer improvements: A system of sewer laterals, mains and interceptors to serve areas north of 151st Street and discharge into the Metropolitan Sanitary District of Greater Chicago treatment plant now being constructed within the Village.

C. All easements, properties and work needed to the construction of these improvements and to the integration thereof with the existing waterworks and sewerage system of said Village for the proper and efficient operation thereof; all as more fully set forth in itemized detail in the plans, files, maps, and specifications heretofore approved and now on file for public inspection in the office of the Village Clerk; and the Board of Trustees does hereby determine the period of usefulness of said combined waterworks and sewerage system including said described improvements and extensions, to be for (40) years from the date of the bonds herein authorized to be issued.

Section 2. That for the purpose of accomplishing the needs of the municipality-owned combined waterworks and sewerage system of said Village as hereinabove described, there be issued and sold the bonds of said Village to be designated "Waterworks and Sewerage Revenue Bonds, Series of 1960," in the principal sum of \$455,000, the proceeds from the sale of which, together with funds to be available to said municipality from the proceeds of a tax bond issue in the sum of \$100,000, being adequate to pay the cost of said improvements and extensions. The said bonds shall bear date of May 1, 1960, be of \$1,000 denomination each, numbered from 1 through 455, and shall mature serially in numerical order on May 1, 1960, and in annual installments as follows:

\$2,000 - 1965
\$3,000 - 1966
\$5,000 - 1967 through 1968
\$10,000 - 1977 through 1983
\$15,000 - 1984 through 1990
\$20,000 - 1991 through 1996
\$25,000 - 1997 through 1999
\$30,000 - 2000

provided that the Village of Orland Park reserve the right to call for redemption prior to maturity of the bonds of said issue numbered 376 through 455 as a whole or in part and in its inverse numerical order on May 1, 1960, or any interest payment date thereafter and when said bonds will

so redeemed said Village reserves the right to call for redemption prior to maturity of the bonds of said issue numbered 376 through 455 as a whole or in part and in its inverse numerical order on May 1, 1960, or any interest payment date thereafter, such redemption of all or any part of said bonds to be at a price of par and unpaid accrued interest to the date of redemption.

Notice of such redemption shall be given by registered mail to the registered holder, if known, at the address shown on the books of the Village Treasurer, and as to any unknown holder, such notice shall be published once in a newspaper published in the City of Chicago, Illinois, and devoted in part to the publication of financial news, and shall be filed at the place of payment of said bonds. The mailing, the filing, and the date of the publication of said redemption notice shall be at least thirty (30) days prior to the date specified for redemption, and said redemption notice shall describe the bonds to be redeemed, the date of redemption, and the place of redemption, and shall be the paying agent as stated in said bonds and shall state that the bonds so specified will be redeemed at a price of par plus unpaid interest to the date of redemption. After notice of redemption has been given in accordance herewith and funds are on deposit with the paying agent to pay the bonds so to be redeemed, interest thereon shall cease from and after the date of redemption.

The said bonds shall bear interest from the date thereof until paid at the rate of Six Per Cent (6%) per annum, or at such lesser rate or rates as shall be specified by Resolution of the delivery of said bonds under the terms thereof, at an interest cost not to exceed Six Per Cent (6%) annually compounded to maturity, according to standard tables of bond values, and said interest to be payable November 1, 1960, and semi-annually thereafter on May 1 and November 1 of each year until paid and both the principal of and interest on said bonds shall be payable in lawful money of the United States of America at the Orland State Bank in the Village of Orland Park, Illinois.

Said bonds shall be signed by the President, sealed with the corporate seal of said Village, and attested by the Village Clerk, and the interest coupons attached to said bonds evidencing interest at the rates so specified shall be executed by the facsimile signature of said President and said Village Clerk, and said officials, by the execution of said bonds, shall adopt and for their own proper signatures their respective facsimile signatures appearing on said coupons.

Said bonds, together with interest thereon, shall be payable solely from the revenues derived from the combined waterworks and sewerage system of said Village, and such bonds shall not in any event constitute an indebtedness of said Village within the meaning of any constitutional provision or any constitutional or statutory limitation.

Any of said bonds may be registered at the option of the holder as to principal only, at any time prior to maturity, in the name of the holder, on the books of said Village in the office of the Village Treasurer, such registration to be noted on the reverse side of the bonds by said Treasurer, and thereafter the principal of such registered bonds shall be payable only to the registered holder, his legal representatives or assigns. Such registered bonds may be transferable to another registered holder or back to bearer only upon presentation to said Treasurer with a legal assignment duly acknowledged or approved. Registration of any of such bonds shall not affect the negotiability of the coupons thereto attached, but such coupons shall be transferable by delivery merely.

Section 3. That said bonds and coupons attached thereto shall be in substantially the following form:

(Form of Bond)

UNITED STATES OF AMERICA
STATE OF ILLINOIS COUNTY OF COOK

VILLAGE OF ORLAND PARK
WATERWORKS AND SEWERAGE
REVENUE BOND, SERIES OF 1960
Number \$1,000

KNOW ALL MEN BY THESE PRESENTS, that the Village of Orland Park, Cook County, Illinois, for value received hereby promises to pay to bearer, or if this bond be registered as hereinafter provided, then to the registered holder hereof, solely from the Waterworks and Sewerage Fund of the Village of Orland Park, as hereinafter mentioned and not otherwise, the sum of One Thousand Dollars (\$1,000) on May 1, 1960, (unless this bond is then subject to prior redemption and has been called for payment and funds provided for the payment thereof as hereinafter stated) and to pay interest on such principal sum from the date hereof until paid, at the rate of _____ Per Cent (____%) per annum, payable November 1, 1960, and semiannually thereafter on the first day of May and November in each year, and until the maturity of this bond such interest shall be payable upon presentation and surrender of the in-

terest coupons hereto appertaining as they severally mature.

Both principal of and interest on this bond are hereby made payable in lawful money of the United States of America at the Orland State Bank, in the Village of Orland Park, Illinois, which bank is hereby designated paying agent.

This bond is payable solely from revenues derived from the combined waterworks and sewerage system of said Village and not otherwise, and is one of an authorized issue aggregating the principal sum of Four Hundred Fifty Five Thousand Dollars (\$455,000) issued under authority of Article 62 of the Revised Cities and Villages Act, and all laws amendatory thereof and supplementary thereto, for the purpose of paying part of the cost of necessary improvements and extensions to the combined waterworks and sewerage system of said Village, and this bond does not constitute an indebtedness of said Village within the meaning of any constitutional provision or statutory limitation.

Under said Act and the ordinance adopted pursuant thereto, the entire revenue derived and to be derived from the operation of the combined waterworks and sewerage system of this Village shall be deposited in a separate fund designated as the "Waterworks and Sewerage Fund of the Village of Orland Park" which shall be used only for the purpose of paying the cost of operating and maintaining such system, providing an adequate depreciation fund, and paying the principal of and interest on the bonds of said Village that are issued under authority of said Act, and are payable by their terms only from the revenue of such system, and creating and maintaining the several accounts established by the ordinance authorizing the issue of bonds of which this bond is one.

Said Village reserves the right to call for redemption prior to maturity of the bonds of said issue numbered from 376 through 455 as a whole or in part and in their inverse numerical order on May 1, 1970, or any interest payment date thereafter, and when said bonds will have been so redeemed said Village reserves the right to call for redemption prior to maturity of the bonds of said issue numbered from 96 through 375 as a whole or in part and in their inverse numerical order on May 1, 1980, or any interest payment date thereafter, such redemption of all or any part or said bonds to be at a price of par and unpaid accrued interest to the date of redemption.

Notice of said redemption shall be given by registered mail to the registered holder, if known, at the address shown on the books of the Village Treasurer, and as to any unknown holder, such notice shall be published once in a newspaper published in the City of Chicago, Illinois, and devoted in part to the publication of financial news, and shall be filed at the place of payment of said bonds. The mailing, the filing, and the date of the publication of said redemption notice shall be at least thirty (30) days prior to the date specified for redemption, and said redemption notice shall describe the bonds to be redeemed, the date of redemption, and the place of redemption which shall be the paying agent as stated in said bonds and shall state that the bonds as specified will be redeemed at a price of par plus unpaid interest to the date of redemption. After notice of redemption has been given in accordance herewith and funds are on deposit with the paying agent to pay the bonds so to be redeemed, interest thereon shall cease from and after the date of redemption.

It is hereby certified and recited that all acts, conditions, and things required by the Constitution and statutes of the State of Illinois, to be done precedent to and in the issuance of this bond and in raising funds to promptly assure payment thereof, have been done and have happened and have been performed in regular and due form of law, and that provision has been made for depositing in said Waterworks and Sewerage Fund the entire revenues received from the operation of said system, to be applied in the manner as hereinabove set forth; and it is hereby covenanted and agreed that rates will be charged for the use and service of such system sufficient at all times to pay the cost of the operation and maintenance thereof, to pay the principal of and interest upon all bonds issued by said Village which are payable solely from the revenues of such system, and to create and maintain the several accounts established by the ordinance authorizing the issue of bonds of which this bond is one.

This bond may be registered as to the principal in the name of the holder on the books of said Village in the office of the Village Treasurer, such registration to be evidenced by notation of said Treasurer on the back hereof, after which no transfer hereof shall be valid unless made on said books and similarly noted hereon, but it may be discharged from such registration by being transferred to bearer, after which it shall be transferable by delivery, but it may be again registered as before. The registration of this bond shall not restrict the negotiability of the coupons by delivery merely.

IN WITNESS WHEREOF, said

Village of Orland Park, Cook County, Illinois, by its Board of Trustees, has caused this bond to be signed by its President, its corporate seal to be hereto affixed and attested by the Village Clerk, and the coupons hereto attached to be signed by the facsimile signatures of said President and said Village Clerk, which officials, by the execution of this bond, do adopt and for their own proper signatures their respective facsimile signatures appearing on said coupons, and this bond to be dated as of the first day of May, 1960.

Section 4. That upon the issuance of any of the Waterworks and Sewerage Revenue Bonds herein provided for, said combined system of said Village, for the purpose of this ordinance, shall be operated on a fiscal year basis, commencing the first day of May and ending the last day of April of each succeeding year, and during each year ending April 30, so long as any of the bonds herein authorized to be issued are outstanding, the entire revenues derived from the operation of said combined system of said Village shall be collected and shall be set aside as collected and be deposited in the depository of said Village, in a separate fund which is hereby created, to be designated as the "Waterworks and Sewerage Fund of the Village of Orland Park" (hereinafter called the "Fund") which shall be kept apart and segregated from all other moneys of said Village and shall be used only to create and maintain the several accounts hereinafter specified for the purpose of paying the cost of the operation and maintenance of said system, providing an adequate depreciation reserve, and paying the principal of and interest upon the Waterworks and Sewerage Revenue Bonds issued by said Village which are payable solely and only from the revenues derived from said system (including an adequate reserve for that purpose,) and such Fund shall be used only for such purposes and is hereby irrevocably pledged thereto.

Section 5. That for the accounting of all moneys and assets of said Fund at any time and from time to time while any Waterworks and Sewerage Revenue Bonds herein authorized are outstanding and unpaid, there is hereby created and established five (5) separate accounts to be designated (a) Operation and Maintenance Account, (b) Depreciation Account, (c) Bond Account, (d) Bond Reserve Account, and (e) Surplus Account. All deposits made to and all funds held in each of said Accounts, respectively, shall be continuously secured as provided by the laws of the State of Illinois governing public deposits. There shall be paid on the first business day of each month all moneys held in said Fund in accordance with the following provisions and in the priority of said accounts so created and established as follows:

(a) Operation and Maintenance Account: There first shall be set apart and paid out of said Fund into an Operation and Maintenance Account an amount considered necessary and sufficient to pay the reasonable current expenses of operating, repairing and maintaining said system for the current month.

(b) Depreciation Account: There next shall be credited to the Depreciation Account the sum of \$350 each month until a maximum of \$35,000 is on deposit in said Account, which is hereby found and determined to be a reasonable amount necessary to accomplish the

purpose for which said Depreciation Account is established.

The moneys in said Account shall be used to pay the cost of necessary repairs and replacements to the system, excluding any extensions to said system, and all expenditures for such purposes shall be approved by an independent consulting engineer, or engineers, favorably known for skill in such matters, before any such expenditures are made. The moneys held in said Depreciation Account, to the extent necessary to prevent or remedy a default in the payment of the interest on or principal of the bonds herein authorized, shall also be used and held for use for that purpose, and for that purpose shall be transferred to the Bond Account, and whenever such a transfer is made, the amount so transferred shall be added to the next deposit to be made in said Depreciation Account, and thereafter, until full reimbursement to said Depreciation Account has been made.

The moneys in said Depreciation Account may be invested and reinvested in bonds or other obligations of the United States of America maturing within five (5) years from date of purchase, or in such securities permitted by the laws of Illinois governing the investment of public funds, as may be authorized from time to time by resolution of the governing body of said Village.

(c) Bond Account: There shall next be deposited in the Bond Account for the purpose of paying the maturing principal of and interest accruing on the Waterworks and Sewerage Revenue Bonds issued under the terms of this ordinance, such amount of said income and revenue as will be sufficient and adequate at any time to pay the principal of and interest on said bonds as the same respectively mature, which amount is hereby irrevocably pledged for the payment of the bonds authorized hereunder and shall be used solely for that purpose. It is hereby covenanted that there shall be set aside monthly in said Bond Account (i) commencing on May 1, 1961 an amount at least equal to one-fifth (1/5th) of the interest becoming due on all said outstanding bonds on the next succeeding interest payment date and (ii) commencing with the fiscal year beginning May 1, 1964, an amount at least equal to one-tenth (1/10th) of the principal becoming due on the next succeeding principal payment date, until the moneys accumulated in said Account shall be at least equal to the interest and principal requirements on all outstanding bonds (i) for the then current fiscal year and also (ii) for the next ensuing fiscal year. Such moneys so accumulated in the Bond Account in excess of current interest and principal requirements shall be used and held for use only to pay the interest on and principal of the said bonds to prevent or remedy a default and any sums of money so used shall be restored by a resumption of said monthly deposits as aforesaid.

It is the express intent and determination of this Board of Trustees that the amount of said income and revenue so to be set aside and deposited into said Bond Account shall be in any event always sufficient to pay the interest upon said bonds as the same becomes due and the principal thereof as the same mature, and the Treasurer of this Village shall from month to month during each such fiscal year, without further authorization from this Board of Trustees, deposit out of such income and revenue received from the operation of said system, sufficient moneys in said Bond Account to pay promptly such principal and interest.

No further payments need to be made into said Bond Account when and so long as such amount of bonds shall have been retired that the amount then held in said Account, together with the amount then on deposit in the Bond Reserve Account hereinafter described, is equal to the entire amount of all interest and principal that will be payable at the time of redemption or maturity on all of said bonds then remaining outstanding.

If in any fiscal year said Village shall for any reason fail to pay into said Bond Account the full amount above specified, then an amount equivalent to such deficiency shall be set apart and paid into said Account from the first available revenue of the next following fiscal year or years, and shall be in addition to the amount otherwise herein provided to be so set apart and deposited during each succeeding fiscal year or years.

If there are not sufficient funds in the Bond Account available to pay maturing principal of and interest on the bonds herein authorized, such deficiency shall be made up first, by the transfer of funds from the Bond Reserve Account hereinafter created, and next, from the transfer of funds from the Depreciation Account, and next, by the transfer of funds from the Surplus Account hereinafter created.

The Bond Account shall be carried as a separate deposit at the paying agent for the said bonds, and the moneys in said Account may be invested and reinvested in bonds or other direct obligations of the United States of America having a fixed maturity so as to pro-

vide funds for maturing principal and semi-annual interest due on the respective payment dates.

(d) Bond Reserve Account: There shall next be deposited in the Bond Reserve Account the sum of \$300 each month until a maximum of \$30,000 is on deposit in said Account, at which figure said Account, notwithstanding any transfer therefrom as herein permitted, shall thereafter be continuously maintained, and all moneys therein shall be only used by the Treasurer hereof as may be needed from time to time in the payment of the interest on or principal of the bonds herein authorized whenever there exists a deficiency in the Bond Account hereinafter established, and all withdrawals therefrom for that purpose shall be reimbursed from the next revenues available thereafter as provided herein. Whenever the amount on deposit in said Account, together with the amount on deposit in the Bond Account hereinafter described, is equal to or greater than the interest on and principal of all the bonds herein authorized that are outstanding, then no further deposits need be made in said Bond Reserve Account.

The Bond Reserve Account shall be carried as a separate deposit at the paying agent for the said bonds, and the moneys in said Bond Reserve Account may be invested and reinvested in bonds or other obligations of the United States of America maturing within five (5) years from date of purchase, or in such securities permitted by the laws of Illinois governing the investment of public funds, as may be authorized from time to time by resolution of the Board of Trustees.

(e) Surplus Account: Any surplus funds then remaining after providing for all of the deposits hereinabove listed in sub-paragraphs (a) through (d), and after the reimbursement of any account that is depleted by withdrawals shall be deposited in the Surplus Account to be used and held for use as follows:

(i) First, a sum of money equal to 50% of the amounts so deposited in said Surplus Account each month shall be used, or accumulated, for the redemption of the bonds herein authorized prior to their maturity or to purchase as many bonds as may be purchased in the open market at not exceeding par if such bonds are not then subject to prior redemption, and all sums of money so to be used for the redemption or purchase of said bonds shall be transferred to a Bond Redemption Fund, which is hereby created; and all bonds so redeemed or purchased shall be cancelled.

(ii) Next, all money remaining in excess of 50% of the amounts so deposited each month in said Bond Redemption Fund shall be used, or accumulated, for the purpose of making improvements and extensions to said system, and all sums of money so to be used shall be transferred to an Improvement and Extension Fund which is hereby created, provided that all moneys or any portion thereof in said Improvement and Extension Fund may, from time to time by resolution adopted by the Board of Trustees, be transferred to said Bond Redemption Fund for the sole purpose of redeeming or purchasing the bonds herein authorized as hereinabove provided.

All moneys held and accumulated in said Surplus Account for the credit of said Bond Redemption Fund and said Improvement and Extension Fund may be invested and reinvested in bonds or other obligations of the United States of America maturing within five (5) years from the date of such purchase.

Section 6. That the Village of Orland Park hereby agrees to carry insurance on the system of the kinds and in the amounts which are usually carried by private parties operating similar properties, including without limiting the generality of the foregoing, fire, windstorm insurance, public liability, and any additional insurance covering such risks as shall be recommended by a competent independent engineer employed for the purpose of making such recommendations, and all moneys received for losses under such insurance policies as insure against physical damage to or loss of the system shall be deposited in the Depreciation Account and shall be used in making good the loss or damage in respect of which they were paid, either by repairing the property damaged or replacing the property destroyed, and provision for making good such loss or damage shall be made within ninety (90) days from date of the loss. The proceeds of any and all policies for public liability shall be paid into the Operation and Maintenance Account and used in paying the claims on account of which they were received.

The payment of premiums for all insurance policies required under the provisions of this section shall be considered an operation and maintenance expense.

Section 7. That while any of the Waterworks and Sewerage Revenue Bonds issued pursuant to this ordinance remain outstanding or unpaid, rates charged for water and sewerage service shall be sufficient at all times to pay all costs of operation and maintenance of

the system, to make the payments and maintain the balance as required in the Depreciation Account, to pay the principal and interest on all bonds authorized hereunder, and to make the payments and maintain the balance as required in the Bond Account and Bond Reserve Account, as is hereinabove provided for. There shall be charged against all users of the system, including the Village of Orland Park, such rates and amounts for water and sewerage services as shall be adequate to meet the requirements of this section. Charges for services rendered said Village shall be made against said Village and payment for the same from the corporate funds shall be made monthly, and all such payments shall be deposited into the Waterworks and Sewerage Fund created by this ordinance, in the same manner as other revenues are required to be deposited.

Said Village covenants not to provide any free service of said system.

It is expressly herein covenanted that said Village will not grant a franchise for the operation of any competing waterworks system or sewerage system within the Village of Orland Park, and that the bonds herein authorized to be executed shall constitute legally enforceable liens upon the earnings of said combined system of said Village, including all further extensions, additions, and improvements thereto, whether acquired through purchase, contract, or otherwise.

Section 8. In the event said Village defaults in complying with any covenant contained in this ordinance, any holder of any bond issued hereunder, or of any coupon representing interest accrued thereon, may, either in law or in equity, by proper suit, compel the officials of said Village to perform all duties required by law and by this ordinance, including the making and collecting of sufficient rates for water and sewerage services for that purpose and the application and segregation of all income and revenue therefrom in accordance with the requirements of this ordinance.

Section 9. That it is hereby covenanted and agreed with the holders of the bonds herein authorized that the Village will not issue any other or additional bonds or other evidences of obligations of the Village payable from or in any way creating a charge upon the income and revenues to be derived from the operation of said system unless and until the following conditions are met:

(a) The net earnings of the system for the last completed fiscal year prior to the issuance of such additional bonds as shown by an audit of a certified public accountant must equal 135% of the combined maximum principal and interest requirements for any succeeding fiscal year period on all of the bonds then outstanding and then to be issued. The term "net earnings" for the purpose of this section shall be deemed to be the gross revenues after deducting therefrom all maintenance and operation expenses for the last preceding completed fiscal year.

(b) The monthly deposit amounts required to be credited to the respective accounts (a) through (d) of Section 5 provided for by this ordinance must have been credited in full to the date of the adoption of the ordinance authorizing such additional bonds, and the Village further covenants that if any additional bonds are so issued the maximum amounts to be deposited in the Bond Reserve Account and in the Depreciation Account shall be increased in proportion to the principal amount of any additional bonds so issued.

Notwithstanding the above restrictions, additional bonds to share ratably and equally in the income and revenues of the system with the revenue bonds authorized to be issued under the terms of this ordinance may be issued at any time after the passage of this ordinance for the purpose of completing the construction of improvements and extensions to the system in accordance with the engineering report, plans and specifications described in Section 1 hereof.

In addition to the foregoing, if prior to the payment of any of the bonds hereby authorized, it shall be found desirable to refund all or a part of the bonds hereby authorized, said bonds may be refunded notwithstanding the restrictions as to the issuance of additional bonds set forth in this section (with the consent of the holders thereof unless the bonds to be refunded are subject to redemption and provision for call and redemption thereof is duly made) and any refunding bonds so issued shall share ratably and equally in the revenues of said system and the pledge thereof under this ordinance with the portion of the bonds hereby authorized which are not refunded; provided, however, that if only a portion of said outstanding bonds are to be refunded at any time, such obligations shall not be refunded by bonds bearing interest at a rate greater than the interest rate provided by this ordinance, or maturing at a date earlier than the final maturity of such bonds not refunded.

When the conditions herein specified for the issue of additional

bonds have been met, then upon the issue thereof any such additional bonds, when issued, shall be entitled to the equal and proportionate benefit and security of the pledge of the revenue and income derived and to be derived from the operation of the system, with the bonds herein authorized without preference, priority or distinction as to participation of such pledge of revenue, or in the benefit of one bond or coupon of each of said issues over or from any other issue by reason of priority in execution, issue, delivery or negotiation thereof, or by reason of the date or dates of said bonds, or the date or dates of maturity thereof or redemption thereof prior to maturity, or for any other reason whatsoever, the intent hereof being that each and all of said bonds, as aforesaid, and of coupons evidencing interest thereon shall have the same right and pledge as to payment and security with the same legal effect as if each and all of said bonds and coupons had been issued, executed, delivered and negotiated simultaneously as one proceeding.

Section 10. That the Village of Orland Park hereby covenants and agrees with the holder or holders of said bonds that it will punctually perform all duties with reference to said system, including the making and collection of sufficient rates for the use and services of said system, all as required by the Constitution and laws of the State of Illinois, and segregating the revenues of said system and maintaining the Waterworks and Sewerage Fund and the application of the respective Accounts created by this ordinance, and it hereby covenants and agrees not to sell, lease, loan, mortgage, or in any manner dispose of or encumber said system, including any and all extensions and improvements that may be made thereto, or the income and revenue derived therefrom, except as permitted in Section 9 hereof, until all of the bonds herein authorized to be issued shall have been paid in full, both principal and interest, or unless and until provision shall have been made for the payment thereof.

And said Village further covenants and agrees with the holders of said Waterworks and Sewerage Revenue Bonds authorized hereunder to maintain in good condition and continuously operate said system, and to make, enact and enforce all needful rules and regulations and ordinances for the efficient management and proper maintenance and protection of such system and for the use and services thereof.

Section 11. Said Waterworks and Sewerage Fund and the accounts created under Section 5 hereof, shall be audited within sixty (60) days after the close of each fiscal year by an independent firm of certified public accountants, and such audit and accounts shall be open for inspection at all proper times to any holder of bonds issued under the provisions of this ordinance, or any one acting for or on behalf of such bondholder. Such audit report shall include the following items: (a) Balance sheet, (b) Operating statement, (c) Comments of the auditor relative to the fulfillment of ordinance provisions and the manner in which the system has been operated and any recommendations for improving the operation of the system, (d) Insurance data, (e) Number of metered customers; number of unmetered customers; number of properties connected to the system; number of hydrants, and (f) Gallons of water passing through master meter and gallons of water billed, and copies of such audit report shall be furnished the original purchasers of the bonds herein authorized, and shall also be furnished to any bondholder upon request.

Section 12. That the provisions of this ordinance shall constitute a contract between the Village of Orland Park and the holders of the bonds herein authorized to be issued, and after the issuance of said bonds no changes, additions or alterations of any kind shall be made hereto, except as hereinbefore provided, until all of said bonds and the interest thereon shall have been paid in full, or unless and until provision shall have been made for the payment thereof.

Section 13. That as soon as may be after this ordinance becomes effective and after adoption of the resolution establishing the interest coupon rate or rates as provided in Section 2 hereof said bonds when duly executed shall be delivered to the Treasurer hereof and be by said Treasurer delivered to Benjamin and Lang, Inc., Chicago, Illinois, the purchasers thereof, upon receipt of the purchase price therefor in accordance with their contract of purchase which is hereby accepted and approved (being at an interest cost to said Village of less than six per cent (6%) per annum), and simultaneously with the delivery and payment of said bonds all proceeds received at the delivery thereof shall be accounted for as follows: (i) All accrued interest from the date of the bonds to the date of delivery and payment shall be deposited in the Bond Account with the paying agent and

A sum for interest during the period of construction estimated to

be eighteen (18) months from the date of bonds to be used and held solely to pay the interest on said bonds; Said sum shall be deposited in the Bond Account with the paying agent; and

(ii) From the remaining proceeds received as principal the Treasurer hereof shall deposit said proceeds in a separate and special account of said Village to be known and designated as the "Waterworks and Sewerage System Bond Construction Fund Account" which shall be in the depository for said Village selected for that purpose, to be secured in the manner, form and time as by law required, and all proceeds held in said Construction Fund Account shall be used and held for use solely to construct the improvements and extensions to the said combined system of said Village as hereinabove described in this ordinance, and the beneficial interest to all moneys held in said Construction Fund Account at the time of the original deposit therein and from time to time thereafter shall be in the holder or holders of the bonds herein authorized, and all disbursements therefrom for payment of the costs of constructing said improvements and extensions shall be made by the Treasurer hereof from time to time but only upon submission to him and said depository of:

(a) a certificate by the engineer in responsible charge of the construction of said improvements and extensions stating the nature of the work completed and the amount due and payable thereon, and that sufficient funds remain to complete the construction thereof, bearing the endorsement and approval of the President of said Village and accompanied by:

(b) an order for payment upon said Treasurer signed by the President of said Village and the Village Clerk, which order shall state specifically the purpose for which said order is issued.

Within the sixty (60) days after completion of the construction of the improvements and extensions herein authorized, said Village agrees to deliver to said depository an original counterpart of a certificate (herein called the "Certificate of Completion") signed by the President and by the Village Treasurer, and having endorsed thereon the approval of the engineer in charge of such construction, stating that said improvements and extensions have been fully constructed and completed in accordance with the plans, maps, files and specifications therefor as recited in this ordinance, and that the same has been fully paid for, or that funds sufficient so to pay for the same remain in said Construction Fund Account, giving the date of final completion and the total cost of construction and the amount, if any, of such construction cost then remaining unpaid, together with an original counterpart of the opinion of counsel for said Village to the effect that all property, real, personal, and mixed, connected with or forming a part of, or necessary to the operation of said combined waterworks and sewerage system as completed, is owned by said Village and covered by the lien of this ordinance, and upon receipt of such Certificate of Completion and opinion of counsel as mentioned, said depository, after retaining in said Construction Fund Account a sum sufficient to pay the balance of the construction cost remaining unpaid as shown by said Certificate of Completion, including any items then in controversy, shall deposit all moneys then remaining with the paying agent for said bonds, in the Bond Account hereinabove created. Moneys held in the Construction Fund Account in excess of the then current months anticipated disbursements may be invested and reinvested in direct obligations of the United States Government as may be authorized from time to time by resolution of the President and Board of Trustees.

Section 14. The President, the Village Clerk, and the Village Treasurer are each hereby authorized and directed to execute and deliver to the paying agent of the bonds and to each depository, as aforesaid, such certificates, proceedings, and agreements as may be necessary or convenient to establish the "Waterworks and Sewerage Fund of the Village of Orland Park" herein created in Section 4 hereof, and each Account herein created in Section 5 and Section 13 hereof, and to properly secure all proceeds thereof, and to evidence compliance herewith in the making of any withdrawals therefrom.

Section 15. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Section 16. All ordinances, resolutions, or orders, or parts thereof, in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 17. This ordinance, after its passage and approval by the President shall be published once in the Orland Park Herald, a newspaper published in and having a general circulation in the Village of Orland Park, and shall be in full

force and effect after such publication in the manner, form and time as provided by the laws of the State of Illinois thereunto enabling.

Mrs. Harry Pihl, chairman of the group representing the Orland Park Woman's club, extends an invitation to all women interested in this worthwhile program. So bring your thimble and sandwich and join the group.

On Friday, Dec. 11, the American Legion Auxiliary, Orland Park Unit 526 will meet at the home of President, Hilda Nitsche at 8 p.m. After the business session there will be a Christmas party with a gift exchange and refreshments. Sarah Myrick will assist Hilda during the social period.

Mr. and Mrs. Harry Heiting were among the 600 guests at the retirement party of the Illinois Bell Telephone company's Harvey District called the Pioneers of America. The supper and party were held in the Legion hall, Chicago Heights, Saturday, Nov. 21.

—O—

Arden E. Summerville, of 94th ave., Orland Park, marked the completion of 30 years of service with the Commonwealth Edison Company Saturday, Nov. 21. He has always worked in the substation department where he started in 1929 as an apprentice operator. He is now an area operator working out of the Chicago-South headquarters.

Former director and trainer in the South Side All Breed Dog Training Club of Chicago, Summerville's present hobby is his 20 acre farm in Orland township. He and his wife, Helen, moved there in 1948 and are raising sheep. They are working toward a registered Carriedale flock. The house is 100 years old and most of Summerville's spare time is spent on remodeling work and improving the land. He is a member of the Palos Park Presbyterian church. The Summervilles celebrated their 25th wedding anniversary last May.

Army Pvt. John R. Hambrick, 23, son of Mr. and Mrs. Elbert H. Hambrick, 166 st., 108th ave., recently arrived in Korea and is now a member of the Fourth Army Mission Command.

Section 2 Page 9

Hambrick, a combat engineer in the command's 161st Engineer Company entered the army last Feb. and completed basic training at Fort Leonard Wood, Mo. He attended Orland Park High school.

Robert Stoutenour, son of Mr. and Mrs. Robert G. Stoutenour, R. 2, was named one of three elected representatives from the freshman class to the Student Council of Rose Polytechnic Institute. This is at Terre Haute, Ind.

Plan Annual Tinley Park Book Fair

The Tinley Park Community library board and volunteers are planning the annual book fair to be held in Central school, Dec. 10, 11 and 12.

Among the special displays will be material for a special education program, including a book in Braille.

Well-known storybook character dolls will be on the "for sale" table. Since the number available is limited, these will be sold to early birds.

Special displays and sale items will be on hand Thursday and Friday evening, Dec. 10 and 11, from 7 p.m. on, and again on Saturday, Nov. 12, at 10 a.m. There will also be a table of adult second-hand books, all in good condition, and many recent titles.

The special events will be held at definite times which will be announced in later issue.

Thru the cooperation of the school, a book list of some 800 titles has been mailed. It is hoped to fill all requests for books before or during the dates of the fair.

Residents are asked to support the local library by attending the fair and purchasing at least one book. They make ideal Christmas gifts for the very young to the very old.

You Can't Win

If a man's after money, he's money-mad; if he keeps it, he's a capitalist; if he spends it, he's a playboy; if he doesn't get it, he's a ne'er-do-well; if he doesn't try to get it, he lacks ambition. If he gets it without working for it, he's a parasite; and if he accumulates it after a lifetime of hard work, people call him a fool who never got anything out of life.

Business & Finance

MAURICE P. ANGLAND

In 1924, Edgar Lawrence Smith, a well known economist, wrote a book titled "Common Stocks as

known as the common-stock theory.

The study goes back over a long period of years comparing investment in bonds and common

stocks thru good times and bad. For a number of years after publication the book attracted very little attention except from the professional investment managers of large funds and the Mutual Funds.

In simplified form, the theory is that in the long run a diversified list of common stocks holdings in leading firms, is better than an investment in bonds. He found that such common stock in-

vestments over an extended period, are safer, yield more income, and have a greater eventual market value. The theory has withstood many tests. In almost all instances, stocks bought at the peak in 1929 could be sold at a profit in 1953. Very few of the firms whose stocks reached low levels in 1932, went out of business. Almost all went on to considerable success over the years. Most of us have forgotten this fact.

Mr. Smith's book was published in 1924, the year usually accepted as the birth year of Mutual Funds.

Members of New York Stock Exchange, and all the other major commodity and stock exchanges.

The first three were founded in that year. These three were quickly followed by a number of others. Today there are more than 100 such Mutual Funds. Some became specialists in particular fields such as steel, electronics, petroleum and gas, etc. Others vary their interests to cover most major industries.

From a practical point of view, the small investor simply cannot secure the diversification of investment as presented in Mr. Smith's book, without the Mutual Fund. The Mutual Funds also have forced a constant raising of the standard of investment managers as the Mutual Funds have created extensive research organizations with highly paid professionals in charge of the various departments.

There are now investment advisory services which merely compile investment additions and subtractions by the Mutual Funds, for their clients. Also the Mutual Funds started as an investment vehicle for the medium and small investor, today many large firms use them in their profit sharing and pension plans. Some of the large university endowment funds are also so invested as they feel they cannot economically create a competitive research organization.

For some time we have been hearing of the idea that the constant erosion of the purchasing power has been stopped. The news columns announce the cost of Living Index has reached a new high and the escalator clause in union labor contracts, will add a penny or two per hour to compensate for this rise. These escalator clauses act as an anchor at particular levels since reduction in hourly payment would be very difficult no matter whether the Index has fallen or not.

The coming session of congress and approaching elections are going to make it most difficult to hold the line on credit. The "tight money" policy is making general municipal borrowing difficult regardless of local pressure for the particular program of improvement. Tightness of credit also will have its effect on residential building. The pressure groups are likely to fight hard for easing of credit as to their particular program regardless of the over all effect.
